and the United Kingdom Epp explains how activists and professionals used legal liability lawsuit generated publicity and innovative managerial ideas to pursue the implementation of new rights Together these strategies resulted in frameworks designed to make institutions accountable through intricate rules employee training and managerial oversight Explaining how these practices became ubiquitous across bureaucratic organizations Epp casts today s legalistic state in an entirely new light *American Police, A History: 1945-2012* Thomas Reppetto,2012-07-17 The only new history of the police forces in the U S since 1945 **International Handbook of Penology and Criminal Justice** Shlomo Giora Shoham,Ori Beck,Martin Kett,2007-10-08 At the outset of the twenty first century more than 9 million people are held in custody in over 200 countries around the world from the essay Prisons and Jails by Ron KingThe first comparative study of this increasingly integral social subject International Handbook of Penology and Criminal Justice provides a comprehensive and balanced review **Critical Issues in Policing** Roger G.
