American Viking:

American Vikings Martyn Whittock, 2023-11-07 A vivid and illuminating new history separate fact from fiction myth from legend exploring the early Vikings settlements in North America Vikings are an enduring subject of fascination The combination of adventure mythology violence and exploration continues to grip our attention As a result for more than a millennium the Vikings have traveled far and wide not least across the turbulent seas of our minds and imaginations The geographical reach of the Norse was extraordinary For centuries medieval sagas first recorded in Iceland claimed that Vikings reached North America around the year 1000 This book explores that claim separating fact from fiction and myth from mischief to assess the enduring legacy of this claim in America The search for American Vikings connects a vast range of different areas from the latest archaeological evidence for their actual settlement in North America to the myth making of nineteenth century Scandinavian pioneers in the Midwest and from ancient adventurers to the political ideologies in the twenty first century It is a journey from the high seas of a millennium ago to the swirling waters and dark undercurrents of the online world of today No doubt the warlike Vikings would have understood how their image could be weaponized In the same way they would probably have grasped how their dramatic violent passionate and discordant mythologies could appeal to our era and cultural setting They might though have been more surprised at how their image has been commercialized and commodified A vivid new history by a master of the form American Vikings Roderick Edwards, 2022-05-17 Finding that you really are a Viking from the 1100s is not something easy to believe but this data analyst turned ghost hunter had no choice but to accept this reality once proven true by the ancient Native American that had come to the future Now the would be Viking must go to the past to see if he can find his sister before she takes her own life This is book 2 of a 3 part series of an exciting time traveling adventure unlike any you may have experienced Packed with detailed research that leaves the reader wondering if they are reading fiction or a historical account American Vikings pairs together two cultures that both love the rugged individualist perspective of life so often missing from the groupthink of our modern world *Hearings* United States.
