Key Texts in American Jewish Culture Jack Kugelmass, 2003 Key Texts in American Jewish Culture expands the frame of reference used by students of culture and history both by widening the canon of Jewish texts and by providing a way to extrapolate new meanings from well known sources Contributors come from a variety of disciplines including American studies anthropology comparative literature history music religious studies and women s studies Each provides an analysis of a specific text in art music television literature homily liturgy or history Some of the works discussed such as Philip Roth s novel *Counterlife* the musical *Fiddler on the Roof* and Irving Howe s *World of Our Fathers* are already widely acknowledged components of the American Jewish studies canon Others such as Bridget Loves Bernie infamous for the hostile reception it received among American Jews may be considered key texts because of the controversy they provoked Still others such as Joshua Liebman s *Piece of Mind* and the radio and TV sitcom *The Goldbergs* demonstrate the extent to which American Jewish culture and mainstream American culture intermingle with and borrow from each other

The Civil Sphere Jeffrey C. Alexander, 2008-09-08 What binds societies together and how can these social orders be structured in a fair way Jeffrey C Alexander s masterful work *The Civil Sphere* addresses this central paradox of modern life Feelings for others the solidarity that is ignored or underplayed by

theories of power or self interest are at the heart of this novel inquiry into the meeting place between normative theories of what we think we should do and empirical studies of who we actually are Solidarity Alexander demonstrates creates inclusive and exclusive social structures and shows how they can be repaired It is not perfect it is not absolute and the horrors which occur in its lapses have been seen all too frequently in the forms of discrimination genocide and war Despite its worldly flaws and contradictions however solidarity and the project of civil society remain our best hope the antidote to every divisive institution every unfair distribution every abusive and dominating hierarchy This grand sweeping statement and rigorous empirical investigation is a major contribution to our thinking about the real but ideal world in which we all reside

Nostalgia in Jewish-American Theatre and Film, 1979-2004 Ben Furnish,2005 Nostalgia a bittersweet yearning for the past is an important element in Jewish American performances of the late twentieth century Numerous plays and films of this time use nostalgia to engage Jewish including Yiddish cultural themes and images Nostalgia offers audiences a window through which to examine past and current social changes These include American Jews departure from Europe to America the city for the suburbs Yiddish for English as well as the civil rights women s peace and gay and lesbian movements and other transformations These performances illustrate how theatre and film transmit culture from generation to generation and between one ethnic community and the wider American scene

We Are Many Edward S. Shapiro,2005-06-03 The topics of Edward Shapiro s book span the gamut of the American Jewish experience from the politics of American Jews the nature of American Jewish identity relations between Jews and blacks and Jews and American capitalism He discusses writer Herman Wouk Patrick Buchanan and the Jews John Higham s interpretation of American anti Semitism Nathan Glazer s view of American Orthodoxy and the Jewishness of Sidney Hook Of particular interest is the author s exploration of how American

Jews have reconciled their dual identities as Americans and as Jews. These solutions have shaped the way Jews have voted, prayed, earned a living, married, and chosen a profession. America, Shapiro argues, has truly been different for Jews, but this difference has shaped the history of America's Jews in unexpected and ironic ways. The fact that Jews have risen rapidly up the economic and social ladder and have become politically influential has not eliminated their insecurity and the sense they have of themselves as a marginal group.

South of the South Raymond A. Mohl, 2020-10-15. A must read for anyone interested in the history of civil rights, the roles and varied motivations of southern Jews in the movement, the interaction of blacks and Jews, the role of hate groups, and the anti-communist hysteria in silencing or harassing the forces of positive change, and the specific place of Miami, Miami Beach, and Florida in the struggle. Raymond Mohl's writing style is dynamic and fully accessible for the lay as well as scholarly audience that I expect this work will attract. Mark K. Bauman, Atlanta Metropolitan College.

Using unusual and revealing primary materials from the careers of two remarkable Jewish women, Raymond Mohl offers an original interpretation of the role of Jewish civil rights activists in promoting racial change in post-World War II Miami. He describes the city's political climate after the war as characterized by segregation, aggressive anti-Semitism, and a powerful strain of cold-war McCarthyism. In this hostile environment, the dynamic leadership of two northern newcomers, Matilda Bobbi Graff and Shirley M. Zoloth, played a critical role in the city's campaign for racial reform. Working with the Miami chapter of the Civil Rights Congress, established in 1948, Graff was instrumental in the organization's stand against the Ku Klux Klan, its protests against lynchings and police brutality, and its work with Florida's black civil rights leaders such as Harry T. Moore. With the Miami Congress of Racial Equality, Zoloth helped to launch a lunch counter sit-in campaign a year before the more famous student sit-ins of 1960 that ultimately resulted in the desegregation of downtown public accommodations. This analysis of the movement between 1945 and 1960 substantiates a new but now dominant interpretation of civil rights history that sees grassroots action as the powerful engine that drove racial change. It emphasizes the major role played by women in the cause and documents the variety of civil rights experiences of Jews who migrated to Miami in large numbers during the mid-century decades. Committed to social justice, they built activist organizations, challenged segregationists and anti-Semites, and worked with black activists to break down Jim Crow barriers. Original documents written by both women, including Graff's autobiographical memoir, demonstrate a level of Jewish activism, especially by women, that was unique for the time and place. The postwar American South. Their own words vividly describe fear, harassment, family and community pressures, government intrigue, and individual betrayal. As Mohl's groundbreaking history illustrates, the perseverance of these women and their small band of supporters is a testament to their strength and an inspiration for continued reform in America. Raymond A. Mohl, professor of history at the University of Alabama, Birmingham, is the editor of *Searching for the Sunbelt: Historical Perspectives on a Region* and the coeditor of *The New African American Urban History and Urban Policy in Twentieth Century America*.
