Americans From Yugoslavia:

Americans from Yugoslavia Gerald Gilbert Govorchin, 1961 Sociological study of the Yugoslavian immigrant

Yugoslav-Americans and National Security During World War II Lorraine M. Lees, 2007 The first intensive study of FDR's foreign nationalities policy Lorraine M. Lees explores the persistent tension between ethnicity and national security by focusing on the Yugoslav American community during World War II Identified by the Roosevelt administration as the most representative example of the ethnic conflict they sought to address the Yugoslav American community suffered from a severe political split as right wing monarchists loyal to Mihajlović and the Chetniks battled left wing supporters of Tito's partisans Lees examines the views of two groups of administration policy makers one that perceived America's European ethnic groups as rife with divided loyalties and hence a danger to national security and a second that viewed such communities as valuable sources for political intelligence that would help the war effort in Europe Yugoslav Americans and National Security during World War II is significant not only to understanding the Roosevelt administration's equation of ethnicity with disloyalty but also for its insights into similar attitudes that have arisen throughout periods of crisis in American history as well as today

Americans from Yugoslavia Gerald Govorchin, 1961-01-01 **Yugoslav-American Economic Relations Since World War II** John R. Lampe, Russell O. Prickett, Ljubiša S. Adamović, 1990 Yugoslav American Economic Relations Since World War II provides a comprehensive study of the economic relations between the United States and Yugoslavia over the past four decades The authors recount how Yugoslavia and the United States despite great differences in size wealth and ideology overcame early misunderstandings and confrontations to create a generally positive economic relationship based on mutual respect The Yugoslav experience demonstrated the authors maintain that existence outside the bloc was possible profitable and nonthreatening to the Soviet Union The authors describe American official and private support for Yugoslavia's decades long efforts at economic reform that included the first foreign investment legislation in 1967 and the first introduction of convertible currency in 1990 for any communist country Also examined are the origins of Yugoslavia's international debt crisis of the early 1980s and the American role in the highly complex multibillion dollar international effort that helped Yugoslavia surmount that crisis In the past U.S. support for the Yugoslav economy was proffered in part the authors claim to counter perceived threats from the Soviet Union and its allies This may have enabled Yugoslavia to avoid some of the hard but necessary economic policy choices hence future U.S. support the book concludes will likely be tied more closely to the economic and political soundness of Yugoslavia's own actions **Settlement of Claims**
