Americans On The Road From Autocamp To Motel:

Americans on the Road Warren James Belasco, 1979 In *Americans on the Road* Warren James Belasco uses travel magazines trade journals and diaries to look at what Americans actually did with their cars rather than try to judge what cars did to Americans Belasco begins with the earliest days of automobile travel in America **The Motel in America** John A. Jakle, Keith A. Sculle, Jefferson S. Rogers, 1996 In the second volume of the acclaimed Gas Food Lodging trilogy authors John Jakle Keith Sculle and Jefferson Rogers take an informative entertaining and comprehensive look at the history of the motel From the introduction of roadside tent camps and motor cabins in the 1910s to the wonderfully kitschy motels of the 1950s that line older roads and today's comfortable but anonymous chains that lure drivers off the interstate Americans and their cars have found places to stay on their travels Motels were more than just places to sleep however They were the places where many Americans saw their first color television used their first coffee maker and walked on their first shag carpet Illustrated with more than 230 photographs postcards maps and drawings *The Motel in America* details the development of the motel as a commercial enterprise its imaginative architectural expressions and its evolution within the place product packaging concept along America's highways As an integral part of America's landscape and culture the motel finally receives the in depth attention it deserves **Americans on the Road** Warren James Belasco, 1979 **Wheels of Her Own** Carla R. Lesh, 2024-04-03 Women used automobiles as soon as they had access to them Black Indigenous and White American women utilized the automobile to improve their quality of life and achieve greater freedom These women shared unique concerns and common aims as they negotiated their way through a time when advocacy for social change was undergoing a resurgence The years that brought the automobile to the United States 1893 1929 also brought increased legal and social restrictions based on racism and gender stereotypes For women the automobile was a useful tool as they worked to improve their quality of life The automobile provided a means for Black Indigenous and White women to pull away from limitations and work toward greater freedom Exploring these key issues and more this book is a history and social exploration of women and the automobile during the early automotive era Camping Grounds Phoebe S. K. Young, 2021 *Camping Grounds* narrates a quintessentially American tradition of sleeping outdoors from the Civil War to the present that will appeal to academics outdoor enthusiasts and general readers alike *Looking Beyond the Highway* Claudette Stager, Martha Carver, 2006 *Looking beyond the Highway* is an examination of road history and roadside attractions specific to the South Focused in part on numerous aspects of the material culture landscape of the Dixie Highway the essays consider the politics of roadbuilding roadside entertainment the buildings and businesses one might encounter along the road and regional adaptations to the needs and desires of northern tourists Following the Dixie Highway from southern Illinois to Florida with sidetrips down other southern roads the essays cover a wide variety of subjects many of which will resonate with anyone who has ever lived in or vacationed in the South Harrison Mayes's *Get Right With God* signs the park and pray craze

of outdoor drive in church services the rise and demise of brick highways the fierce political battle over the route of the Dixie Highway beach music and the evolution of motel architecture in Myrtle Beach Florida s early tourist towers and the commercial development of Tennessee caves as tourist attractions Covering a landscape that includes Tennessee Georgia North Carolina Florida Mississippi Indiana Virginia Arkansas Ohio Kentucky Alabama and Illinois the anthology shows that there was and still is a distinctive southern culture and how roads have influenced that culture As lively as they are diverse the articles provide a solid background for understanding roadside ephemera that have disappeared or are quickly disappearing Ranging from the serious to the light hearted and including descriptions of American road and roadside icons to kitsch the book will appeal to anyone with an interest in road history and roadside architecture **A Companion to**

Popular Culture Gary Burns, 2016-03-08 A Companion to Popular Culture is a landmark survey of contemporary research in popular culture studies that offers a comprehensive and engaging introduction to the field Includes over two dozen essays covering the spectrum of popular culture studies from food to folklore and from TV to technology Features contributions from established and up and coming scholars from a range of disciplines Offers a detailed history of the study of popular culture Balances new perspectives on the politics of culture with in depth analysis of topics at the forefront of popular culture studies

Duncan Hines Louis Hatchett, 2014-03-27 This delightful biography offers conclusive proof that Hines was not only a real human being but an American culinary hero The Weekly Standard Duncan Hines may be best known for the cake mixes baked goods and bread products that bear his name but many people don t know that he was a real person and not just a fictitious figure invented for the brand America s pioneer restaurant critic Hines discovered his passion while working as a traveling salesman during the 1920s and 1930s a time when food standards were poorly enforced and food safety was a constant concern He traveled across America discovering restaurants and offering his recommendations to readers in his bestselling compilation *Adventures in Good Eating* and the success of this work and his subsequent publications led Hines to manufacture the extremely popular food products that we still enjoy today In this biography Louis Hatchett explores the story of the man from his humble beginnings in Bowling Green Kentucky to his lucrative licensing deal with Procter Gamble Following the successful debut of his restaurant guide Hines published his first cookbook at age fifty nine and followed it with *The Dessert Book* culinary classics including recipes from establishments he visited on his travels favorites handed down through his family for generations and new dishes that contained unusual ingredients for the era Many of the recipes served as inspiration for mixes that eventually became available under the Duncan Hines brand This is a comprehensive account of the life and legacy of a savvy businessman and an often overlooked culinary pioneer whose love of good food led to his name becoming a grocery shelf favorite **Being Elsewhere** Shelley Baranowski, Ellen Furlough, 2001 A guide to vacationing from the 1800s to the present **Motoring** John A. Jakle, Keith A. Sculle, 2008-01-01 Motoring unmasks the forces that shape the American driving experience commercial aesthetic cultural mechanical as it takes a timely look back at our

historically unconditional love of motor travel Focusing on recreational travel between 1900 and 1960 John A Jakle and Keith A Sculle cover dozens of topics related to drivers cars and highways and explain how they all converge to uphold that illusory notion of release and rejuvenation we call the open road Jakle and Sculle have collaborated on five previous books on the history culture and landscape of the American road Here with an emphasis on the driver s perspective they discuss garages and gas stations roadside tourist attractions freeways and toll roads truck stops bus travel the rise of the convenience store and much more All the while the authors make us think about aspects of driving that are often taken for granted how for instance the many lodging and food options along our highways reinforce the connection between driving and freedom and how by enabling greater speeds highway engineers helped to stoke motorists blessed fantasy of flight Although driving originally celebrated freedom and touted a common experience it has increasingly become a highly regulated isolated activity The motive behind America s first embrace of the automobile individual prerogative still substantially obscures this reality Americans did not have the automobile imposed on them say the authors Jakle and Sculle ask why some of the early prophetic warnings about our car culture went unheeded and why the arguments of its promoters resonated so persuasively Today the automobile is implicated in any number of environmental even social problems As the wisdom of our dependence on automobile travel has come into serious question reassessment of how we first became that way is more important than ever *Dixie Highway* Tammy Ingram,2014 *Dixie Highway Road Building and the Making of the Modern South 1900 1930*

Going Places Carlos A. Schwantes,2003-03-10 How trains cars and planes helped tame and transform the American West *The Big Book of Car Culture* Jim Hinckley,Jon G. Robinson,2005 With the powerful rhythmic sounds of Aboriginal English and Kokatha language woven through the narrative Mazin Grace is the inspirational story of a feisty girl who refuses to be told who she is determined to uncover the truth for herself Growing up on the Mission isn t easy for clever Grace Oldman When her classmates tease her for not having a father she doesn t know what to say Pappa Neddy says her dad is the Lord God in Heaven but that doesn t help when the Mission kids call her a bastard As Grace slowly pieces together clues that might lead to answers she struggles to find a place in a community that rejects her for reasons she doesn t understand In this novel author Dylan Coleman fictionalizes her mother s childhood at the Koonibba Lutheran Mission in South Australia in the 1940s and 1950s

Welcome to Omaha Oliver B. Pollak,2018 Millions of people traveling America s railroads and highways pass through Omaha breaking for an overnight stay At the end of the day the traveler s experience is in the hands of transportation workers hoteliers and restaurateurs who promise comfort food and safety Omaha s hospitality industry offerings ranged from the modest Scandinavian Young Women s Christian Association and the Hotel Harley bachelor lodgings to the lofty Fontenelle and Blackstone Hotels The resilient Paxton has been a fixture since 1882 Visitors to Omaha took in the bright lights and culture documenting their impressions on postcards that picture the city s hotels restaurants train depots bridges and weather events *Making Camp* Martin Hogue,2023-05-09 A visual exploration and history of one

Yellowstone and the Snowmobile Michael J. Yochim, 2009 The first scholarly study of winter use in any national park examines the history of the conflict between the National Park Service and various interest groups over snowmobile use in Yellowstone a highly politicized value driven battle that has taken a serious toll on the NPS's ability to protect the park

Americans on the Road Warren James Belasco, 1997 Using travel magazines trade journals and diaries this text explores the use of cars in America and shows how autocamping as an inexpensive individualistic recreational sport gave birth to the motel a nationally standardized roadside business

The Making of European Consumption P. Lundin, T. Kaiserfeld, 2015-01-26 American ideals and models feature prominently in the master narrative of post war European consumer societies This book demonstrates that Europeans did not appropriate a homogenous notion of America rather post war European consumption was a process of selective appropriation of American elements
