AMERICA'S GREAT REVIVALS

The Story of Spiritual Revival
in the United States, 1734–2000

Americas Great Revivals

Timothy Beougher, Lyle W. Dorsett

Americas Great Revivals:

America's Great Revivals ,2020-06-30 The year 1734 marked the beginning of one of the greatest revivals in the history of North America Sparked by the preaching of Jonathan Edwards the flames of revival spread throughout New England Other great awakenings followed across the new nation as God sent spiritual revival through the ministries of George Whitefield Charles Finney Dwight L Moody Billy Graham and many others Today America is in need of a fresh awakening from God May the captivating stories of what God did in the 18th 19th and 20th centuries inspire you to pray for a new season of great revival

America's Great Revivals ,2020-06-30 The year 1734 marked the beginning of one of the greatest revivals in the history of North America Sparked by the preaching of Jonathan Edwards the flames of revival spread throughout New England Other great awakenings followed across the new nation as God sent spiritual revival through the ministries of George Whitefield Charles Finney Dwight L Moody Billy Graham and many others Today America is in need of a fresh awakening from God May the captivating stories of what God did in the 18th 19th and 20th centuries inspire you to pray for a new season of great revival

America's Great Age of Rhetoric, 1770-1860 Merrill D. Whitburn,2024-05-13 This book analyzes the advocacy conceptualization and institutionalization of rhetoric from 1770 to 1860 Among the forces promoting advocacy was the need for oratory calling for independence the belief that using rhetoric was the way to succeed in biblical interpretation and preaching and the desire for rhetoric as entertainment Conceptually leaders followed classical and German rhetoricians in viewing rhetoric as an art of ethical choice Institutionally a rhetorician such as Ebenezer Porter called for the development of organizations at all levels a sociology of rhetoric Orville Dewey highlighted the passion for rhetoric calling his times the age of eloquence

America's Great Revivals Christian Life,Christian Life Magazine Staff,1970-08-01 This book documents the thrilling American revivals that took place under the ministries of Jonathan Edwards George Whitefield D L Moody Jeremiah Lanphier and Charles Finney

America's Crisis of Values Wayne E. Baker,2013-10-31 Is America bitterly divided Has America lost its traditional values Many politicians and religious leaders believe so as do the majority of Americans based on public opinion polls taken over the past several years But is this crisis of values real This book explores the moral terrain of America today analyzing the widely held perception that the nation is in moral decline It looks at the question from a variety of angles examining traditional values secular values religious values family values economic values and others Using unique data from the World Values Surveys the largest systematic attempt ever made to document attitudes values and beliefs around the world this book systematically evaluates the perceived crisis of values by comparing America s values with those of over 60 other nations The results are surprising The evidence shows overwhelmingly that America has not lost its traditional values that the nation compares favorably with most other societies and that the culture war is largely a myth The gap between reality and perception does not represent mass ignorance of the facts or an overblown moral panic Baker contends Rather the widespread perception of a crisis of values is a real and

legitimate interpretation of life in a society that is in the middle of a fundamental transformation and that contains growing cultural contradictions. Instead of posing a problem, the author argues this crisis rhetoric serves the valuable social function of reminding us of what it means to be American. As such, it preserves the ideological foundation of the nation. **The Great Awakening** Thomas S. Kidd, 2008-10-01 In the mid-eighteenth century, Americans experienced an outbreak of religious revivals that shook colonial society. This book provides a definitive view of these revivals, now known as the First Great Awakening, and their dramatic effects on American culture. Historian Thomas S. Kidd tells the absorbing story of early American evangelical Christianity through the lives of seminal figures like Jonathan Edwards and George Whitefield, as well as many previously unknown preachers, prophets, and penitents. The Great Awakening helped create the evangelical movement, which heavily emphasized the individual's experience of salvation and the Holy Spirit's work in revivals. By giving many evangelicals radical notions of the spiritual equality of all people, the revivals helped breed the democratic style that would come to characterize the American republic. Kidd carefully separates the positions of moderate supporters of the revivals from those of radical supporters, and he delineates the objections of those who completely deplored the revivals and their wildly egalitarian consequences. The battles among these three camps, the author shows, transformed colonial America and ultimately defined the nature of the evangelical movement. **Revival Fire, 150 Years of Revivals, Spiritual Awakenings and Moves of the Holy Spirit** Mathew Backholer, 2018-02-01 Updated in 2020 *Revival Fire: 150 Years of Revivals* features twelve of the most potent heaven-sent revivals that the world has seen in the past one hundred and fifty years. Including the Prayer Meeting Revival of 1857 that reverberated around the world, the Azusa Street Revival that ushered in the modern Pentecostal movement, the Pyongyang Great Revival where the Korean church, less than a generation old, swept the country, the Gold Coast Revival on the west coast of Africa, and the Shillong Revival in India of the twenty-first century. Discover how Christians prayed the Scriptures, that they pleaded the challenges faced, and how they saw the blessing of God in their towns and cities as the Holy Spirit came down and convicted saints, converted sinners, and transformed lives unto the praise and glory of God. The author makes many references to other lesser-known revivals and brings facts to life through the use of detailed descriptions, statistics, interviews, and eye-witness accounts. Coupled with his broad and extensive knowledge of revival church history, this book is informative and a truly inspirational read. Learn from the past, be challenged for the present, and be inspired for the future. *American Evangelicalism* Darren Dochuk, Thomas S. Kidd, Kurt W. Peterson, 2014-10-15 No living scholar has shaped the study of American religious history more profoundly than George M. Marsden. His work spans U.S. intellectual, cultural, and religious history from the seventeenth through the twenty-first centuries. This collection of essays uses the career of George M. Marsden and the remarkable breadth of his scholarship to measure current trends in the historical study of American evangelical Protestantism and to encourage fresh scholarly investigation of this faith tradition as it has developed between the eighteenth century and the present. Moving through five

sections each centered around one of Marsden's major books and the time period it represents the volume explores different methodologies and approaches to the history of evangelicalism and American religion Besides assessing Marsden's illustrious works on their own terms this collection's contributors isolate several key themes as deserving of fresh rigorous and extensive examination Through their close investigation of these particular themes they expand the range of characters and communities issues and ideas and contingencies that can and should be accounted for in our historical texts Marsden's timeless scholarship thus serves as a launchpad for new directions in our rendering of the American religious past

Theologies of the American Revivalists Robert W. Caldwell, 2017-03-04 Robert Caldwell traces the fascinating story of American revival theologies during the Great Awakenings examining the particular convictions underlying these conversions to faith Caldwell offers a reconsideration of the theologies of important figures and movements giving fresh insight into what it meant to become a Christian during this age in America's religious history

Revivals, Awakening and Reform William G. McLoughlin, 2013-03-06 In *Revivals Awakenings and Reform* McLoughlin draws on psychohistory sociology and anthropology to examine the relationship between America's five great religious awakenings and their influence on five great movements for social reform in the United States He finds that awakenings and the revivals that are part of them are periods of revitalization born in times of cultural stress and eventuating in drastic social reform Awakenings are thus the means by which a people or nation creates and sustains its identity in a changing world This book is sensitive thought provoking and stimulating It is must reading for those interested in awakenings and even though some may not revise their views as a result of McLoughlin's suggestive outline none can remain unmoved by the insights he has provided on the subject Christian Century This is one of the best books I have read all year Professor McLoughlin has again given us a profound analysis of our culture in the midst of revivalistic trends Review and Expositor

Understanding Revival and Addressing the Issues It Provokes Mathew Backholer, 2018-02-05 Updated in 2020 *Understanding Revival and Addressing the Issues It Provokes* guides us through centuries of God's Divine visitations and reveals what we can expect to see as God rends the heavens and pours out His Spirit Read about revivals from the Bible and Church history Divine paradoxes and times of solemn commotion revived Christians saved communities churches on fire and transformed nations What happens in true heaven sent revival The theology and practical application of revival The workings of Holy Spirit during times of revivals How to discern between God's dynamics and the demonic How to handle those in the flesh warnings from Scripture The Devil as an infiltrator and imitator and how to stand firm How to deal with physical phenomena and manifestations Learning the lessons from past revivals and awakenings The purpose of revival merchandise and memorabilia The dangers joys and diversities of genuine revivals Why we need revival and how we can see it Through the use of Scripture and church history *Understanding Revival* reveals how we can intelligently cooperate with the Holy Spirit during times of revivals and awakenings and not reject His workings due to religious affections physical phenomena or manifestations and that we may not be caught unaware of the

tactics of the enemy The Blackwell Companion to Religion in America Philip Goff,2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment Robert Owen and the Owenites in Britain and America (Routledge Revivals) John Harrison,2009-09-10 Robert

Owen and the Owenites were associated with the rise of an early industrial society in Britain and with the development of an agricultural frontier society in the United States during the first half of the nineteenth century This book originally published in 1969 was the first to use both British and American source material and tells the story of Robert Owen and the movement associated with his name from the standpoint of comparative social and intellectual history The book directs new light on Owenism and at the same time illuminates general problems of the history of social movements and social change in modern societies **History and Character of American Revivals of Religion** Calvin Colton,1832 Great Preaching on Revival

,1997 **America's Great Revivals** Bethany House,2004 The thrilling story of spiritual revival in the United States

Evangelicalism Richard Kyle,2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the

Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful *Accounts of a Campus Revival* Timothy Beougher, Lyle W. Dorsett, 2002-09-04 In the spring of 1995 prayer and the Spirit of God wrought great changes in the halls of academia Through a series of revivals which began at Baptist churches in Brownwood and Santa Anna Texas God moved across the face of American campuses From Texas to Minnesota from Massachusetts to Oregon lives were touched and schools and churches were turned upside down While focusing on Wheaton College this book chronicles the events as they affected many schools and students You will find here the characteristics of revivals and a history of campus awakenings You will read firsthand accounts of how the Wheaton revival affected students and how it spread to other campuses and churches This touching report gives readers a glimpse of what happens when God's spirit moves in a dramatic way among His people *Jesus Now* Tom Phillips, 2016-11-01 God is moving today God desires to draw all people to Himself He is awakening the world through the reconciling love of Jesus and the power of the Holy Spirit What if the Lord was already awakening you your family your church your city Are you willing to let His Spirit without warning sweep through your own life In *Jesus Now* join Dr Phillips as he explores the themes and patterns of previous revivals that are becoming apparent today the unpredictable untamed purposefulness of God to draw His church to Himself through ordinary and anonymous Christians how the power of prayer has found extraordinary new expression within Christians who have raised the name of Jesus above a denomination or ministry human impediments to God initiated and sustained spiritual awakening ten principles to discern current revivals how to seek and follow Jesus who has promised to do far more than you could ever imagine or request God is up to something big What is your place in His great awakening Because of Jesus our churches nation and lives will never be the same again *Reader's Guide to American History* Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history
