Americas Past And Promise:

The Promise of American Life Herbert David Croly, 2022-05-28 Herbert David Croly's *The Promise of American Life* stands as a seminal work in the canon of American political thought. Despite the provided description erroneously attributing the content to Le Viandier a medieval cookbook, Croly's book delves into early 20th century American society and politics. Crafted with a progressive lens, Croly discusses the potential for democratic expansion and the role of federal government in achieving an ideal social order. His rich intellectual prose and historical analyses position the title within the context of burgeoning progressive reform movements influencing generations of thinkers and policymakers. Herbert David Croly, reputed journalist and political philosopher, was led to write *The Promise of American Life* by his deep seated belief in progressive liberalism. Born in the late 19th century, Croly was the founding editor of *The New Republic*, an influential progressive publication. His dedication to shaping American life is reflected in his thorough exploration of democracy and individual potential in the United States. His vision is captured through a lens of optimism that was a hallmark of the era's reformist spirit. Readers with an interest in American history, politics, or the evolution of progressive thought will find *The Promise of American Life* a compelling read. Croly's incisive commentary and foresight make the book a thought provoking exploration of governmental theory and practice. His careful articulation of a national purpose continues to resonate, offering not just historical insights but also valuable lessons for contemporary society seeking to understand and apply progressive ideals in an ever evolving political landscape.

A Humorous Account of America's Past: 1945 to 2001 Richard T. Stanley, 2011-04-27 In 1945 the United States was the most powerful nation in the world. But an Iron Curtain soon surrounded Eastern Europe and by 1950 Americans were fighting in Korea. In 1952 I Like Ike swept the nation and the Fabulous Fifties began. GM sold the most cars, gas was 29 cents a gallon and a new house cost 9 000. In 1955 following President Eisenhower's mild heart attack, America's favorite sick joke had Vice President Dick Nixon greeting Ike at the White House by saying "Welcome back, May I race you up the stairs." The Fabulous Fifties of Marilyn Monroe and Elvis Presley gave way to riots, hippies and The Beatles during the Radical Sixties. The 1960s began with JFK's New Frontier, grew into LBJ's Great Society and the Vietnam War, and ended with Nixon's Silent Majority and men on the moon. Soon Nixon resigned, Ford stumbled, Carter's brother sold Billy Beer, and the star of *Bedtime for Bonzo* led the popular Reagan Revolution. In 1989 Reagan's Evil Empire collapsed. Soon George Bush was victorious over Iraq and Panama and lost to Bill Clinton. In 1992 Clinton was eventually impeached and was later replaced by another Bush. Want more details?
