Taylor Classics is an imprint of Unnamed Press combining Unnamed's mission to uplift the unlikely and unexpected from around the world with editors Allison Miriam Smith and Brandon Taylor's shared love of classic literature. S T seeks to reintroduce titles that pushed the boundaries of their time and whose themes continue to resonate today. Featuring both celebrated and lesser known authors from the past, S T's list complements the Unnamed list of bold contemporary voices. Rather than introductions, each edition will feature a conversation between two esteemed readers, established writers, critics, satirists, academics, debuting with imprint editors Allison and Brandon's own discussion around the oft overlooked classic by Edith Wharton, *Twilight Sleep*. In contrast to other classics lines, S T's approach will not be one of taste making or discovery, but rather engagement, re-introducing books and their authors to the discourse at large and inviting contemporary voices active in the discourse to join us in the conversation. In recent years, readers have increasingly turned to classics and rediscovered titles both as an escape and as a means of making sense of a complex and fraught world. We believe classics are for everyone and by revitalizing conversations around these novels, we hope our readers find themselves in stories that might have otherwise been overlooked.
