Courtship Of Chloe:

The Courtship of Chloe Dorothy Mack,2020 **Narrating Marriage in Eighteenth-century England and France**

Christine Roulston,2010 Drawing on a wide range of English and French fiction and advice literature this study analyzes the problems of representation that emerge in light of the changing definition of marriage from one of hierarchy to companionship in the eighteenth century Ranging from representations of ideal domesticity to the problems of intimacy and marital discontent Roulston explores the paradox of the modern marriage as both utopian and unlivable and expands the debate around its evolution *Film and Morality* Philip Gillett,2013-02-14 Employing a thematic approach and drawing on disciplines ranging from neurobiology to philosophy *Film and Morality* examines how morality is presented in films and how films serve as a source of moral values While the role of censorship in upholding moral standards has been considered comprehensively the presence of moral dilemmas in films has not attracted the same level of interest Film makers may address moral concerns explicitly but moral dilemmas can serve as plot devices creating dramatic tension by providing pivotal moments when characters are called upon to make life changing decisions Drawing on a range of well known and neglected films mainly from Britain and America this book provides numerous examples of how film makers make use of morality and how audiences are invited to explore moral issues by following characters who live with the consequences of their choices *Film and Morality* introduces philosophical debates on such topics as free will conscience and the place of moral codes in everyday life showing the relevance of film to these issues The book presents a distinct approach to how films might be analysed **Echo and Meaning on Early Modern English Stages** Susan L. Anderson,2017-10-11 This book examines the trope of echo in early modern literature and drama exploring the musical sonic and verbal effects generated by forms of repetition on stage and in print Focusing on examples where Echo herself appears as a character this study shows how echoic techniques permeated literary dramatic and musical performance in the period and puts forward echo as a model for engaging with sounds and texts from the past Starting with sixteenth century translations of myths of Echo from Ovid and Longus the book moves through the uses of echo in Elizabethan progress entertainments commercial and court drama Jacobean court masques and prose romance It places the work of well known dramatists such as Ben Jonson and John Webster in the context of broader cultures of performance The book will be of interest to scholars and students of early modern drama music and dance *Mated by the Dragon* Vivienne Savage,2015-09-01 Chloe s life takes another dramatic turn that brings her and the dragon Saul to her home in Houston Texas From there her future with Saul becomes dicey as shadowy forces in the draconic world object to their new union NO CLIFFHANGER Reading Order Saved by the Dragon 1 FREE Bearing Her Wishes 1 5 FREE *Mated by the Dragon* 2 Keywords billionaire dragons dragon romance shapeshifter alpha strong female alpha male **The Miscellaneous Works of Richard Linnecar, of Wakefield** Richard Linnecar,1789
