Ducking,2017-05-10 Not much is known about the Blood of Jesus today by Christians but it is a mighty arsenal weapon against the devil There is life in the Blood of Jesus and none is in Satan He is called Beelzebub being interpreted the lord of flies Flies are attracted to dead things but the Blood of Jesus has life in it so the devil is repelled by it and cannot penetrate it Many years ago the word of God was revealed saying Make much of the Blood and the Blood will make much of you For a while Christians did make much of the Blood and as a result many signs and wonders were seen However today there is not much that is said about the Blood Has it lost its power Certainly not but we have lost knowledge of it and therefore we haven t seen mighty acts of God as did the early disciples But the time has come and now is for us to make full usage of this powerful weapon that God has given us God s word does not change What He said years ago applies to us today and He said Make much of the Blood and the Blood will make much of you **Blood Covenant** A. Geoffrey Carr,2006-03 When God sent Jesus to mankind He conformed to man s way of a binding relationship that had been established for thousands of years so that we could understand the relationship He desired Blood Covenant has been the practice between families clans tribes and nations from earliest of times bringing security and peace of mind and protection for those who submit themselves to its covering Little is written on this subject so the author wants to show that the same process that brought peace to warring tribesmen alliances of nations family feuds and individuals has been used by the Living God to bring reconciliation to man and deal with separation between God and man for all time and eternity Jesus came to bring in the New Covenant pay the price in Blood that restores redeems and sanctifies us all to the Living God restoring the open relationship enjoyed at the time of creation **Covenant: The Blood is The Life** James Lindemann,2011-09-20 Blood Covenant spans the globe in such traditions as the Native American Blood Brother bond No mere contract variation Covenant is a powerful relationship of a deep unbreakable Love yet when God does break it once He pays the consequences He designed it to have Throughout the Old Covenant certain elements of Covenant are declared yet are not real until the New Covenant comes which is not a what but a Who Everything changes when God literally comes to have Blood Himself the result of which profoundly affects the Old Covenant This relationship is eternal and does not become obsolete on the Last Day If the Bible is written within a Covenant environment what does the modern Western reader miss that the ancient hearer would naturally recognize Living in a culture that only has vestiges of Covenant there is no easy or perfect answer But the question can be very stimulating

The Blood Covenant Henry Clay Trumbull, 2019-11-16. The early history of Christianity was marked by blood covenants rituals involving the blood of believers or animals which was used to bond worshippers and to symbolize the life of Jesus. Use of blood in religious rites and ceremonies has a long history with examples present in the Middle East and Africa and even in parts of Europe. While many of these practices pertained to ancient pagan beliefs, for instance between believers in the Norse God Odin, some instances of the blood covenant are Jewish in origin. Early Christian groups, in particular the Gnostics who worshipped Christ in a clandestine manner in Rome, are considered to have partaken in blood covenants to a limited extent. The notion of a blood covenant between two believers was as a bond between them; the strength of this bond was increased further by the symbolic presence of blood in the life of Jesus. However, knowledge of the practice reached the enemies of Jews and early Christians who exaggerated the ceremonial use of blood as justification for religious persecutions. Henry Clay Trumbull was a Christian minister and author who had access to a wide range of sources; the fact that the blood covenant had hitherto been overlooked by scholars of Christianity spurred him to publish this book. Trumbull, 2021-07-25. Apart from and yet linked with the explicit proofs of the rite of blood covenanting throughout the primitive world, there are many indications of the root idea of this form of covenanting in the popular estimate of blood and of all the marvelous possibilities through blood transference. These indications also are of old and from everywhere. To go back again to the earlier written history of the world, it is evident that the ancient Egyptians recognized blood as in a peculiar sense life itself and that they counted the heart as the blood source and the blood centre, the symbol and the substance of life. In the Book of the Dead, the deceased speaks of his heart or his blood fountain as his life and as giving him the right to appear in the presence of the gods. My heart was my mother, my heart was my mother, my heart was my being on earth placed within me, returned to me by the chief gods placing me before the gods.
