Anatomy of a Cover-Up Paul Palango, 2025-06-10 NATIONAL BESTSELLER FOLLOW UP TO THE 1 NATIONAL BESTSELLER 22 MURDERS The truth about the deadliest criminal incident in Canadian history has remained untold until now. Investigative journalist Paul Palango's 22 Murders examined the April 2020 shooting spree committed by Gabriel Wortman that began in Portapique, Nova Scotia, and ended thirteen and a half hours later when Wortman was shot dead by RCMP officers. The episode left numerous serious questions in its wake, most especially why was the killer able to evade police in such limited geography for so long. Since then, the government called a public inquiry into the massacres, the Mass Casualty Commission. Though Palango unearthed a treasure trove of evidence pointing to the possibility that Wortman or someone close to him was acting as a police agent, the commission evaded all the big questions and let the RCMP off with a slap on the wrist. To this day, no one has been held accountable. In this new book, Palango continues to crack the case, delving deeper into the evidence and testimonies of the witnesses who have been ignored. Drawing on his vast experience as an investigative reporter, he has mined the thousands of pages of commission documents to reveal the wall of secrecy and deceptions constructed by the RCMP and the criminal justice system, exposing new facts that may alter the public's perception of what really happened. A tour de force of reportage, *Anatomy of a Cover-Up* accomplishes what the commission set out to do: uncover the truth about the Nova Scotia massacres and bring long overdue justice to its victims.

JFK Benign Cover-up Therlee Gipson, 2018-09-23 The ten-month investigation of the Warren Commission of 1963-1964 concluded that the President was assassinated by Lee Harvey Oswald acting alone, and that Jack Ruby acted alone when he killed Oswald before he could stand trial. 80 percent of Americans have suspected that there was a plot or cover-up. Contrary to the Warren Commission, the United States House Select Committee on Assassinations (HSCA) in 1979 concluded that President John F. Kennedy was probably assassinated as a result of a conspiracy. The HSCA found both the original FBI investigation and the Warren Commission Report to be seriously flawed. While agreeing with the Commission that Oswald fired all the shots which caused the wounds to Kennedy and Governor Connally, it stated that there were at least four shots fired and that there was a high probability that two gunmen fired at the President.

Dark Cover-up: A Ryan Weller Thriller Book 14 Evan Graver, 2023-05-15 A cold case. A smuggling ring. A chance for justice. When Ryan Weller is contacted by a mother still struggling to come to terms with her daughter's death six years ago, he cannot ignore her pleas for him to investigate. Ryan knows the kind of scars unanswered questions can leave, and Penny Macklin's death poses plenty, but the former U.S. Navy EOD tech turned freelance troubleshooter also knows that digging into her past means digging into his own. With the help of his trusted team, Ryan dives into the investigation determined to uncover the truth. Learning Penny's death might be connected to an international smuggling ring, Ryan once again finds himself in the line of fire as he challenges an

adversary willing to do anything to keep the truth buried with Penny Despite the danger Ryan pushes forward determined to bring closure to Penny s family To succeed he must find the killer and the enigmatic shipwreck the smugglers are seeking The case might be cold but the fury Ryan feels against injustice burns hotter than ever *Kansas City Cover-Up* Julie Miller,2015 Reporter Gabriel Knight teams up with Kansas City Police Department s detective Olivia Watson to investigate a cold case involving Gabriel s fianc e OBAMA'S DEADLIEST COVER-UP: They All Have Blood on Their Hands Don Blankenship,2020-04-03 In 2010 a mine explosion killed twenty nine coal miners in Raleigh County West Virginia Obama s Deadliest Cover Up goes beyond the official narrative of the 2010 Upper Big Branch UBB Mine disaster to disclose the dark truth In this daring expos Don Blankenship reveals how far the government will go to keep its dirty secrets even if it means disparaging deceased miners and sending innocent Americans to prison Using government documents witness testimony and science Blankenship pieces together the Obama Biden administration s responsibility for the explosion Blankenship explains how the government used prevarication lies and document destruction to bury the truth Blankenship calls the American media Pinocchio and backs it up Blankenship demonstrates that America s elite America s media and America s DOJ hid the UBB truth and says They all have blood on their hands An unflinching look at corruption in America Obama s Deadliest Cover up issues a dire warning Our government will do anything to get what it wants Covering Up Luther Rustin E. Brian,2013-03-13 Karl Barth s Christology provides a key to out narrating the Deus absconditus which as Rustin Brian contends is in fact the god of modernity Included in this is the rejection of the logical and philosophical systems that allow for the modern understanding of God as the Deus absconditus namely dialectics and nominalism This rejection is illustrated interestingly enough in Barth s decision to literally cover up with a rug Martin Luther s works in his personal library Surely this was more than a decorative touch The reading of Barth s works that results from this starting point challenges much of contemporary Barth scholarship and urges readers to reconsider Barth Through careful examination of a large body of Barth s writings particularly in regard to the issues of the knowledge or knowability of God as well as Christology Brian argues that contemporary Barth scholarship should be done in careful conversation with the finest examples of both Protestant and especially Roman Catholic theology Barth s paradoxical Christology thus becomes the foundation for a dogmatic ecumenicism Barth s Christology then just might be able to open up possibilities for discussion and even convergence within a church that is anything but one **Hearing on GAO Report on VA Inspector General Special Inquiry Regarding Patient Deaths at the VA Hospital in Columbia, Missouri, and on VA Quality Assurance Improvement** United States. Cover-Up: Advisory Book, Hudkins Publishing Ronald Hudkins,2019-01-24 Research appears to show that over the greater span of American history a number of significant breakthroughs in energy generation and propulsion have occurred that have been systematically suppressed For example Nikola Tesla discovered Zero Point Energy in 1902 but the government suppressed the technology Since then 5 000 patents on technology of this kind have been legally confiscated In doing this our government has committed possibly the greatest injustice against humanity ever If Tesla s discovery of zero point energy had become common knowledge back in the 1900s and the technology had been developed and put into widespread use we could have had virtually free unlimited non polluting energy for nearly 120 years We have the technological ability to replace fossil fuel internal combustion and nuclear power generating systems with advanced non polluting electromagnetic and electrogravity systems
