their relative contribution to the field Originally designed as an alternative to lengthy and expensive introductory texts Essential Criminology provides a concise yet comprehensive overview of the field The book offers a clear structured student friendly critical analytical examination of the nature of crime theories of crime causation and their criminal justice policy implications Causal theories covered range from micro level classical and rational choice to biological psychological social learning social control and interactionist perspectives to macro level social ecology anomie strain conflict Marxist feminist and postmodernist theories Over its 26 year history the book has added new theoretical perspectives as these have gained prominence New to this edition are chapters on critical and ultra realism and critical green criminology and discussions of zemiology critical race theory and quantum holographic criminology The authors have also expanded some theoretical frameworks that had previously been underdeveloped such as opportunity theory subcultural theory and social constructionism Essential Criminology contextualizes criminology in the globally interdependent 21st century addressing the crimes of terrorism global pandemics and climate change With its cutting edge updates illustrative real world examples and student friendly study tools including analytically comparable summary charts exposing each theory s ontological assumptions this text was designed primarily for undergraduate criminology courses but has also been adopted by community colleges and graduate programs in criminology sociology and political science People in High Places Paperback Edition 2 Jason Perdue,2017-11-09 Any individual who has read a high school history book can clearly answer the question Who killed President Kennedy But the reality of that day in Dallas is darker than anyone could ever imagine This work removes the theories of what may have happened refusing to follow any non credible leads tips or stories that cannot be substantiated with evidence Instead it is replaced with an in depth criminal investigation format examination into all of the evidence all of the witnesses and all of the individuals involved by starting from the scene of the crime in order to answer the questions What specific individuals planned the assassination what specific individuals carried out the assassination How was the assassination carried out and Why An eyeopening and startling work of non fiction that answers all the questions that have been asked for over 50 years **The Kennedy Family** S. J. Fuller,2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wanabee Clintons and most intriguing of all the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching *The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations.* Jim Whitefield,2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the

Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes The Canadian Patent Office Record and Register of Copyrights and Trade Marks ,1893 **End-Time Prophecy** Børge Beck,2023-03-09 Along with a correct

understanding of the Bible as the God breathed Word a correct interpretation is crucial Basically there are only two methods of interpretation 1 the non literal allegorical or spiritualizing method or 2 the literal so called grammatical historical method The latter if employed consistently gives the only correct understanding of what God originally intended to reveal about the salvation of mankind The first part of this book demonstrates the advantage of the literal interpretation over the allegorical or spiritualizing method which must be avoided at all costs unless the text demands a shift from a literal to a figurative interpretation of a word or phrase bearing in mind that figurative language still reveals literal truths The second part of the book applies the teaching of the first part to Biblical prophecy which must be interpreted in the exact same way as any other text in the Word of God If employed consistently the literal reading leads to Premillennialism Christ returns to earth before and in order to establish the Millennial Kingdom Pretribulationism the Church is raptured to heaven before the Tribulation and Dispensationalism God s dealings with man in seven consecutive dispensations or stewardships Besides 2 Thessalonians 2 3 is explained on the basis of the Greek text so as to be a conclusive defense of the pretribulational Rapture of the Church
