Coyote Rising:

Coyote Rising Allen Steele, 2025-12-16 A Hugo Award winning author presents a generational saga about the fate of human freedom on a colonized alien world The settlers of the extrasolar moon Coyote escaped the tyrannical United Republic of America on Earth to create a home for themselves where they could pursue lives free from persecution a colony they named Liberty But that regime was overthrown by the Western Hemisphere Union a social collectivist government that seized Republic resources and followed the colonists across the stars to claim the settlement and the world as Union property Outnumbered and outgunned by an occupying force Coyote s pioneers nevertheless refuse to surrender Abandoning their village they settle on a different continent where they establish the town of Defiance hidden from their enemies But when Liberty s meager supplies prove insufficient to feed and house the one thousand people who arrived under the Union s banner violent factions arise and compete to survive undermining collectivist beliefs and military authority To prevent Union expansion and retake Liberty the people of Defiance are willing to wage war But even as the human conflict escalates the challenges of Coyote s alien landscape threaten them all Would make Robert A Heinlein proud Entertainment Weekly Unlike most series books readers will enjoy this one whether they have read the first installment or not Rocky Mountain News

Book Of Earths Edna Kenton, 2018-05-02 THIS BOOK

OF EARTHS began years ago as a collection maps of the Earth the Moon the heavens For it occurred to me not long ago that it would be fun to put them all together and many others with them chosen to fill in the gaps of the original group Luckily for the fun of it the search about to begin would not be limited to what we know about the Earth else it would have ended before it began for we live in a universe of which we know little and on a planet of which we know perhaps less It would include not only what we know or think to day we know but also anything that has been believed or felt or no more than guessed to be the picture of the Earth and its place in the universe

Captain Future: 1,500 Light Years from Home Allen Steele, Journey far beyond the solar system to a planet of danger with CAPTAIN FUTURE as he confronts the greatest menace humankind has ever faced 1 500 LIGHT YEARS FROM HOME No ship from Earth has ever ventured past the outer worlds of the system But that wasn t until Ul Quorn the criminal overlord called the Magician of Mars stole an experimental warp drive and used it to hurl a hijacked spaceliner and his cut throat gang across the galaxy to an inhabited planet orbiting Deneb one of the largest and brightest stars in the known universe For what purpose No one knows until now Curt Newton the adventurer known as Captain Future is about to find out for he has inadvertently joined Ul Quorn s quest to Deneb Yet neither man is prepared for the horrors they ll find there or the alien doomsday machine lurking nearby The battle of wits between the two adversaries is only getting started and the fate of the Earth hangs in the balance Allen Steele has updated and supercharged the original incarnation of Curt Newton reimagining him for 21st century readers It s a pleasure to see him back and in capable hands Will Murray author of Tarzan Conqueror of Mars

Captain Future: Lost Apollo Allen Steele,2024-10-07 From the dawn of the Space Age comes an unexpected visitor and a new challenge for CAPTAIN FUTURE and the Futuremen as they confront the enigma of the LOST APOLLO The spacecraft that has emerged from a cosmic rift between Earth and the Moon looks like something from a museum yet history has no record of either an Apollo 20 lunar mission or the three NASA astronauts who are aboard the archaic vessel Have they travelled here from a parallel universe And if so then how and why Curt Newton and his heroic team intercepts the 20 th century space vessel and offers sanctuary to its baffled crew Together with an old foe they seek to return the stranded astronauts to their own timeline

And it's there that they encounter a menace that threatens not only the two universes but many others as well as Captain Future searches for a way to bring home the LOST APOLLO Classic space adventures featuring the greatest space hero of science fiction's Golden Age continue with a NEW storyline that begins here PLUS a long lost interview with Space Opera masters EDMOND HAMILTON and LEIGH BRACKETT The right way to revamp classic pulp characters The Pulp Super Fan

Taylor, 2016-02-22 For readers of Jon Krakauer and Susan Orlean The Coyote's Bicycle brings to life a never before told phenomenon at our southern border and the human drama of those who would cross It wasn't surprising when the first abandoned bicycles were found along the dirt roads and farmland just across the border from Tijuana but before long they were arriving in droves The bikes went from curiosity to nuisance to phenomenon But until they caught the eye of journalist Kimball Taylor only a small cadre of human smugglers coyotes and migrants could say how or why they'd gotten there This is the story of 7 000 bikes that made an incredible journey and one young man from Oaxaca who arrived at the border with nothing built a small empire and then vanished Taylor follows the trail of the border bikes through some of society's most powerful institutions and with the help of an unlikely source he reconstructs the rise of one of Tijuana's most innovative coyotes Touching on immigration and globalization as well as the history of the US Mexico border The Coyote's Bicycle is at once an immersive investigation of an outrageous occurrence and a true crime rags to riches story **Atlantis Rising**
