Country Of The Pointed Firs And Other Stories:

The Country of the Pointed Firs Sarah Orne Jewett, 2009-11-13 A sharply observed affectionate and unsentimental portrait of life in a Maine fishing village *The Country of the Pointed Firs* is Sarah Orne Jewett's most enduring work and commonly regarded as the finest example of American regionalist literature in the nineteenth century It was originally published in four installments of the *Atlantic Monthly* in 1896 this Broadview Edition is based on the Atlantic serialization and also includes the four other stories set in Dunnet Landing The critical introduction situates the text in its historical cultural and literary milieu attending to its place in Jewett's oeuvre and in her biography Appendices include earlier local color writing by Jewett and others Jewett's letters and contemporary reviews of the novel

The Country of the Pointed Firs Sarah Orne Jewett, 2013 *The Country of the Pointed Firs* Sarah Orne Jewett, 2005 *The Country of the Pointed Firs* and *Selected Short Fiction* by Sarah Orne Jewett is part of the Barnes some include illustrations of historical interest Barnes Noble Classics pulls together a constellation of influences biographical historical and literary to enrich each reader's understanding of these enduring works Even the title of Sarah Orne Jewett's most celebrated work seems to revel in the love of landscape and language that flows through it Though nominally a novel *The Country of the Pointed Firs* lacks the coherent unifying plot of more traditional books Instead Jewett creates a mosaic of tales and character sketches all set in the fictional Maine fishing hamlet of Dunnet Landing The unnamed narrator an unmarried female writer like Jewett herself has come to the town seeking a summer of solitude and work But she's drawn to the villagers she meets Most of them are over sixty alone and covering a roiling inner ocean of feeling with a craggy exterior as rocky as the ragged coastline Entranced by their stories she allows them to enter her life When the book first appeared Willa Cather prophesied that the young students of American literature in far distant years to come will take up this book and say a masterpiece Now more than a century later Cather's words resonate more urgently than ever This edition also includes *A White Heron* *A Winter Courtship* *A Native of Winby* and several other of Jewett's cogent short stories Ted Olson is Associate Professor at East Tennessee State University in Johnson City Tennessee and the author of *Blue Ridge Folklife* University Press of Mississippi 1998

The Country of the Pointed Firs and the Dunnet Landing Stories Sarah Orne Jewett, 2009-07-30 Her admirers ranged from Rudyard Kipling to Willa Cather who remarked of Jewett's fiction in the 1930s The best of Jewett's work read fifty years from now will give the characteristic flavor the spirit the cadence of an American writer in the first order This volume presents Jewett's classic novella The Country of the Pointed Firs and its four short sequels The Dunnet Landing Stories

Undomesticated Ground Stacy Alaimo, 2000 From Mother Earth to Mother Nature women have for centuries been associated with nature Feminists troubled by the way in which such representations show women controlled by powerful natural forces and confined to domestic space have sought to distance themselves from nature In Undomesticated Ground Stacy Alaimo issues a bold call to reclaim nature as feminist space Her analysis of a remarkable range of feminist writings as well as of popular journalism visual arts television and film powerfully demonstrates that nature has been and continues to be an essential concept for feminist theory and practice Alaimo urges feminist theorists to rethink the concept of nature by probing the vastly different meanings that it carries She discusses its significance for Americans engaged in social and political struggles from for example the Indian Wars of the early nineteenth century to the birth control movement in the 1920s to contemporary battles against racism and heterosexism Reading works by Catherine Sedgwick Mary Austin Emma Goldman Nella Larsen Donna Haraway Toni Morrison and others Alaimo finds that some of these writers strategically invoke nature for feminist purposes while others cast nature as a postmodern agent of resistance in the service of both environmentalism and the women's movement By examining the importance of nature within literary and political texts this book greatly expands the parameters of the nature writing genre and establishes nature as a crucial site for the cultural work of feminism

Country of the Pointed Firs Sarah Orne Jewett, 2012-12-28 Sarah Orne Jewett who wrote the book when she was 47 was largely responsible for popularizing the regionalism genre with her sketches of the fictional Maine fishing village of Dunnet Landing Like Jewett the narrator is a woman a writer unattached genteel in demeanor intermittently feisty and zealously protective of her time to write The narrator removes herself from her landlady's company and writes in an empty schoolhouse but she also continues to spend a great deal of time with Mrs Todd befriending her hostess and her hostess's family and friends

The Irish Stories of Sarah Orne Jewett Sarah Orne Jewett, 1996 A collection of eight short stories about Irish immigrants in America by a New England writer An introduction discusses Jewett's understanding of the Irish psyche compared to the disdain for the Irish found in the work of her contemporaries and looks at her work in the context of contemporary multicultural concerns No index Annotation copyright by Book News Inc Portland OR **The Problem of American Realism** Michael Davitt Bell, 1993 Ever since William Dean Howells declared his realism war in the 1880s literary historians have regarded the rise of realism and naturalism as the great development in American post Civil War fiction Yet there are many problems with this generalization It is virtually impossible for example to extract from the novels and manifestoes of American writers of this period any consistent definitions of realism or naturalism as modes of literary representation Rather than seek common traits in widely divergent realist and naturalist literary works Michael Davitt Bell focuses here on the role that these terms played in the social and literary discourse of the 1880s and 1890s Bell argues that in America realism and naturalism never achieved the sort of theoretical rigor that they did in European literary debate Instead the function of these ideas in America was less aesthetic than ideological promoting as reality a version of social normalcy based on radically anti literary and heavily gendered assumptions What effects Bell asks did ideas about realism and naturalism have on writers who embraced and resisted them To answer this question he devotes separate chapters to the work of Howells and Frank Norris the principal American advocates of realism and naturalism in the 1880s and 1890s Mark Twain Henry James Stephen Crane Theodore Dreiser and Sarah Orne Jewett Bell reveals that a chief function of claiming to be a realist or a naturalist was to provide assurance that one was a real man rather than an effeminate artist Since the 1880s Bell asserts all serious American fiction writers have had to contend with this problematic conception of literary realism The true story of the transformation of American fiction after the Civil War is the history of this contention a history of individual accommodations evasions holding actions and occasional triumphs **The Country of the Pointed Firs by Sarah Orne Jewett** Sarah Orne Jewett, 2019-02-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Lines of Thought** Paul Scott Derrick, 2017-07-26 This book brings together twelve essays published
