Coups Army Rule In Africa:

Coups & Army Rule in Africa Samuel Decalo,1990 Samuel Decalo presents detailed evidence from Dahomey Togo Congo Brazzaville and Uganda that African military coups are engineered by coteries of cliques composed of ambitious officers seeking self advancement He successfully refutes prevailing theories that military rule has fostered socioeconomic or political development or stability *Coups and Army Rule in Africa* ,1976 **Military Marxist Regimes in Africa** John Markakis,Michael Waller,2013-07-23 First published in 1986 This is a collection of editorial and articles covering military Marxist regimes in the African locations of the Horn of Africa Benin the People s Republic of Congo Madagascar and Burkina Faso **The Resurgence of Military Coups and Democratic Relapse in Africa** Adeoye Akinola,2024-05-16 This book presents the reality of democratic reversals and waves of coups cutting through Africa explores the political economy of coups and through a case study approach provides a nuanced analysis of the negative impacts of coups in Africa and interrogates the roles of African regional organisations in curtailing coups and foreign powers in distorting the security architecture of African states particularly in the Sahel region It proffers sustainable policy templates for political development professionalism of the military and the subsequent withdrawal of the military from African politics Apart from its policy relevance it will serve as a resource pool for researchers working in the area of African political development peace and security and security sector reforms With the incremental exit of France from the Sahel the book will also offer a nuanced perspective on the scramble for the soul of the Sahel by non Western powers such as China Russia Turkey and Saudi Arabia Personal Rule in Black Africa Robert H. Jackson,Carl G. Rosberg,2023-11-10 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1982 Ethnic Groups in Conflict, Updated Edition With a New Preface Donald L. Horowitz,2001-04-09 Drawing material from dozens of divided societies Donald L Horowitz constructs his theory of ethnic conflict relating ethnic affiliations to kinship and intergroup relations to the fear of domination A groundbreaking work when it was published in 1985 the book remains an original and powerfully argued comparative analysis of one of the most important forces in the contemporary world *Coup Theories and Officers' Motives* Donald L. Horowitz,2014-07-14 Donald Horowitz presents a case study of an attempted military coup in Sri Lanka On the basis of interviews with twenty three participants in this attempted coup a mine of information rarely available for a study like this he provides first hand evidence of the way officers motives interact with social and political conditions to foster coup attempts Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in

durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Postcolonial State in Africa Crawford Young,2012-11-20 A highly readable sweeping and yet detailed analysis of the African state in all its failures and moments of hope Crawford Young manages to touch upon all the important issues in the discipline and crucial developments in the recent history of the African continent This book will be a classic Pierre Englebert author of *Africa Unity Sovereignty and Sorrow*

A History of Modern Uganda Richard J. Reid,2017-03-02 A comprehensive history of Uganda examining its political economic and social development from its precolonial origins to the present day

Ethnic Politics and State Power in Africa Philip Roessler,2016-12-15 This book models the trade off that rulers of weak ethnically divided states face between coups and civil war Drawing evidence from extensive field research in Sudan and the Democratic Republic of the Congo combined with statistical analysis of most African countries it develops a framework to understand the causes of state failure

The Overthrow of Robert Mugabe Blessing-Miles Tendi,2025-01-21 The Overthrow of Robert Mugabe Gender Coups and Diplomats argues the 2017 coup that ousted long time Zimbabwean president Robert Gabriel Mugabe and the generality of coups cannot be accurately and rigorously understood without examining the crucial role of gender and women s politics in military seizures of power Tendi s book shows that gender and women s politics pervade military coup causes dynamics justifications and international responses to coups Contrary to influential representations of Zimbabwe s 2017 coup and other recent coups as markedly different from past coups Tendi draws on long gendered histories of military coups in Africa to argue that there are significant continuities in coup characteristics across time Additionally Tendi s highly original study of Zimbabwe s 2017 coup identifies the motives dynamics and trigger of the coup Despite the existence of an international anti coup norm and democracy promotion in Africa by Western states Zimbabwean coup makers direct intervention in politics was largely not publicly condemned or penalized by Western and African diplomats Tendi uses original interviews with diplomats and politicians involved in external responses to the coup to address this important puzzle

African Peacekeeping Jonathan Fisher,Nina Wilén,2022-02-03 An examination of how peacekeeping is woven into national regional and international politics in Africa and its consequences

A Theory of African Constitutionalism Berihun Aduugna Gebeye,2021 Utilizing detailed case studies from Nigeria Ethiopia and South Africa this title traces African constitutionalism from precolonial times to the present The volume offers a new framework for understanding African constitutionalism and a range of practical proposals for its future development

The Fate of Africa's Democratic Experiments Leonardo A. VillalÃn,Peter VonDoepp,2005-09-01 Does Western style democracy make sense in the various geographic economic and social settings of the continent How far toward democracy have recent liberalization movements gone In *The Fate of Africa's Democratic Experiments* Leonardo A Villal 3n Peter VonDoepp and an international group of contributors consider the aftermath success failure and future of the wave of democracy that swept Africa in the early 1990s

In some countries democratic movements flourished while in others democratic success was more circumscribed This detailed analysis of key political events in countries at the forefront of democratic change Benin Central African Republic Congo Guinea Bissau Madagascar Malawi Mali Mozambique and Zambia provides for broadly representative continental and linguistic coverage of directions and prospects for Africa s democracies The contributors are Michael Chege John F Clark Joshua B Forrest Abdourahmane Idrissa Bruce Magnusson Carrie Manning Richard R Marcus Andreas Mehler David J Simon Leonardo A Villal 3n and Peter VonDoepp Survival: June-July 2025 The International Institute for Strategic Studies (IISS),2025-06-09 Survival the IISS s bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Lawrence Freedman assesses the sufficiency of the British and French nuclear deterrents for Europe in light of Russian revanchism and the United States strategic distancing from Europe Bence Nemeth argues that as speed becomes more critical than funding for European defence front line states in particular should undertake national military preparations before focusing on multinational integration Mariya Grinberg examines how the development of nuclear weapons has discouraged future use of economic warfare Steven Simon appraises Trump s first hundred days and the tenuousness of the American project And eight other thought provoking pieces as well as our regular Book Reviews and Noteworthy column To read free articles from the journal please visit its homepage at <https://www.tandfonline.com/journals/tsur20> Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Editorial Assistant Anna Gallagher **Building Peace in West Africa** Adekeye Adebajo,2002 The International Peace Academy **Soldiers of Democracy?** Sharan Grewal,2023-07-04 Why do some militaries support and others thwart transitions to democracy After the Arab Spring revolutions why did Egypt s military stage a coup to end the transition Conversely why did Tunisia s military initially support the transition only to later facilitate the elected president s dismantling of democracy In *Soldiers of Democracy* Military Legacies and the Arab Spring Sharan Grewal argues that a military s behavior under democracy is shaped by how it had been treated under autocracy Autocrats who had empowered their militaries produce soldiers who will repress protests and stage coups to preserve their privileges Meanwhile autocrats who had marginalized their militaries produce soldiers who support democratization but who are also more susceptible to incumbent takeovers and civil wars The dictator s choice to either empower or marginalize the military thus creates legacies that shape both the likelihood of democratization and the forms by which it breaks down Drawing on over 140 interviews with civilian and military leaders and three surveys of military personnel this scholarly volume illustrates this theory through detailed case studies of Egypt and Tunisia Grewal also probes the generalizability of the theory through a cross national analysis of all countries between 1946 2010 Overall he brings the military front and center to the study of democratic transition and consolidation *Ambiguous Order* Herbert M. Howe,2001 Examines three options for increasing state security in Africa regional military groupings private security companies and a continent wide professional peacekeeping

force Howe explores these alternatives within the larger context of why African militaries have proven incapable of handling new types of insurgency

U.S. Security Cooperation with Africa Robert J. Griffiths, 2016-04-14 As Africa's strategic importance has increased over the past decade and a half United States security cooperation with the continent has expanded The most visible dimension of this increased engagement was the establishment of the U S Military Command for Africa AFRICOM Some critics are skeptical of AFRICOM's purpose and see the militarization of U S Africa policy while others question its effectiveness Recognizing the link between development and security AFRICOM represents a departure from the traditional organization of military commands because of its holistic approach and the involvement of the Department of State as well as other U S government stakeholders Nevertheless AFRICOM's effort to combine security and development faces formidable conceptual and operational challenges in trying to ensure both American and African security interests The human security perspective's emphasis on issues that go beyond traditional state centered security to include protecting individuals from threats of hunger disease crime environmental degradation and political repression as well as focusing on social and economic justice is an important component of security policy At the same time the threat of violent extremism heavily influences U S security cooperation with Africa In this examination of the context of U S African security relations Robert J Griffiths outlines the nature of the African state traces the contours of African conflict surveys the post independence history of U S involvement on the continent and discusses policy organization and implementation and the impact of U S experiences in Iraq and Afghanistan on the U S Africa security relationship Africa's continuing geostrategic significance the influence of China and other emerging markets in the region and America's other global engagements especially in light of U S fiscal realities demonstrate the complexity of U S African security cooperation
