Cover Your Ass Or How To Survive In A Government Bureaucracy:

Cover Your Ass! Bureaucrat X.,1977 Bureaucratic Representation H. T. Wilson,2001 This text discusses the central role of bureaucratic representation as a key vehicle for representing the general interests of most citizens Though formal elections remain indispensable bureaucracies in the capital public and social sectors have used their superior expertise and continuity to achieve responsible discretion and creative implementation **Sorry Daddy** Marvin Ross,1984-02 This informative and witty volume deals with such topics as nutrition hospitals and medical emergencies choosing a nursery school and day care and how to amuse the toddler Both fathers and mothers are provided with important advice on how to raise a non sexist child **Mind You The Realities of Mental Illness** David Laing Dawson,Marvin Ross,2018-12-28 The blog has had about 75 000 views and has been read in 151 different countries since 2014 The posts reflect ideas about mental illness health and life that can be debated and discussed so that we can come to a higher understanding of the issues And we have separated out mental illness from mental health because despite their often interchangeability they are distinct Mental illness as a medical condition that disrupts a person s thinking feeling mood ability to relate to others and daily functioning Just as diabetes is a disorder of the pancreas mental illnesses are medical conditions that often result in a diminished capacity for coping with the ordinary demands of life Serious mental illnesses include major depression schizophrenia bipolar disorder obsessive compulsive disorder OCD panic disorder post traumatic stress disorder PTSD and borderline personality disorder In contrast mental health is a state of well being in which every individual realizes his or her own potential can cope with the normal stresses of life can work productively and fruitfully and is able to make a contribution to her or his community That is quite different from mental illness Unfortunately there is a tendency to confuse these Unfortunately there tendency to talk about mental health issues and problems which are not the same as mental illnesses
