The Economics of Immigration Örn B. Bodvarsson, Hendrik Van den Berg, 2009-06-12 The inspiration for this book came from a collaborative research project on immigration begun in 2001 when we were colleagues at University of Nebraska Lincoln Bodvarsson was a Visiting Professor there in 2001 05 Our project dealt with the application of Say's Law to the supply of immigrant labor meaning that when the supply of immigrant labor grows in an area the new immigrants being consumers bolster labor demand and help to offset the lower wages they may bring about Our test case was the seemingly obscure Dawson County Nebraska where the meatpacking industry experienced a relatively huge increase in Hispanic born labor supply around 1990 We found for Dawson County this demand effect to be significant and our results for this test case generalizable to other more prominent test cases This inspired us to study the famous Mariel Boatlift where Miami's labor force grew suddenly by 7% due to the arrival of nearly 125 000 Cuban refugees in the spring of 1980 In that study we showed that the Marielitos exerted a significant demand effect which we argue helps to account for the stylized fact that the Mariel influx had a relatively benign effect on the Miami labor market We had the privilege of presenting both studies at various conferences in the USA Norway

Taiwan and Israel and these studies have been published in Labour Economics and the Research in Labor Economics series both studies are discussed in detail in this book **Peace Journalism Principles and Practices** Steven Youngblood, 2016-11-03 Long time peace journalist Steven Youngblood presents the foundations of peace journalism in this exciting new textbook offering readers the methods approaches and concepts required to use journalism as a tool for peace reconciliation and development Guidance is offered on framing stories ethical treatment of sensitive subjects and avoiding polarizing stereotypes through a range of international examples and case studies spanning from the Iraq war to the recent unrest in Ferguson Missouri Youngblood teaches students to interrogate traditional media narratives about crime race politics immigration and civil unrest and to illustrate where and how a peace journalism approach can lead to more responsible and constructive coverage and even assist in the peace process itself **Correspondence with ministers** Great Britain: Parliament: House of Lords: European Union Committee, 2007-12-12 Correspondence with Ministers January 2006 to September 2006 40th report of Session 2006 07 **Reporting at the Southern Borders** Giovanna Dell'Orto, Vicki L. Birchfield, 2013-10-15 Undocumented immigration across the Mediterranean and the US Mexican border is one of the most contested transatlantic public and political issues raising fundamental questions about national identity security and multiculturalism all in the glare of news media themselves undergoing dramatic transformations This interdisciplinary international volume fills a major gap in political science and communication literature on the role of news media in public debates over immigration by providing unique insider s perspectives on journalistic practices and bringing them into dialogue with scholars and immigrant rights practitioners After providing original comparative research by established and emerging international affairs and media scholars as well as grounded reflections by UN and IOM practitioners the book presents candid in depth assessments by nine leading European and North American journalists covering immigration from the frontlines ranging from the Guardian s Southern Europe editor to the immigration reporter for the Arizona Republic Their comparative reflections on the professional institutional and technological constraints shaping news stories offer unprecedented insight into the challenges and opportunities for 21st century journalism to affect public discourse and policymaking about issues critical to the future of the transatlantic space making the book relevant across a wide range of scholarship on the media s impact on public affairs **Assessing the Costs and Impacts of Migration Policy** Solon Ardittis, Frank Laczko, International Organization for Migration, 2008 The impact and costs of migration policy measures are often unknown and performance indicators may be very rudimentary Several studies especially in the United States have tried to measure the costs and benefits of immigration However there have been few cross national attempts to assess how countries evaluate their migration policies and programmes and what procedures and mechanisms they use to conduct those evaluations This book provides a range of recommendations for improving the design and implementation of evidence based and accountable policies in the field of migration and asylum **Immigrant Vulnerability and Resilience** María

Aysa-Lastra, Lorenzo Cachón, 2015-03-31 This book explores how the current sustained economic slow down in North America and Europe has increased immigrant vulnerability in the labor market and in their daily lives It details the ways this global recession has affected the immigrants themselves their identities as well as their countries of origin The book presents an interdisciplinary dialogue as well as offer a transatlantic comparative perspective It first focuses on the immediate effects of the Great Recession on immigrants employment Next it connects the experience of immigrants in the labor market with their experiences in the social arena in receiving societies Coverage also explores the effects of the economic downturn on transnational practices remittances and return of Latin American migrants to their countries of origin This volume will be of great interest to faculty and graduate students who are interested in international migration studies from the fields of sociology economics anthropology geography political sciences and other social sciences It will also be of interest to professionals and policy makers working on international migration policy and the general public interested on the topic
