wrote short stories for magazines and made illustrations and his book *Rimrock Jones* was adapted into the film *He Was Some Kind of a Man* Roderick McGillis, 2009-05-19 *He Was Some Kind of a Man* Masculinities in the B Western explores the construction and representation of masculinity in low budget western movies made from the 1930s to the early 1950s These films contained some of the mid twentieth century s most familiar names especially for youngsters cowboys such as Roy Rogers Hopalong Cassidy and Red Ryder The first serious study of a body of films that was central to the youth of two generations *He Was Some Kind of a Man* combines the author s childhood fascination with this genre with an interdisciplinary scholarly exploration of the films influence on modern views of masculinity McGillis argues that the masculinity offered by these films is less one dimensional than it is plural perhaps contrary to expectations Their deeply conservative values are edged with transgressive desire and they construct a male figure who does not fit into binary categories such as insider outsider or masculine feminine Particularly relevant is the author s discussion of George W Bush as a cowboy and how his aspirations to cowboy ideals continue to shape American policy This engagingly written book will appeal to the general reader interested in film westerns and contemporary culture as well as to scholars in film studies gender studies children s literature and auto biography
