**B-Sides, Undercurrents and Overtones: Peripheries to Popular in Music, 1960 to the Present** George Plasketes, 2016-05-23 There are undercurrents and peripheral taste preferences that are a defining part of our individual and collective cultural experience Music is no exception George Plasketes adapts the iconic A side B side dichotomy from the 45 r p m for use as a unique conceptual

critical historical and cultural framework for exploring and threading together a variety of popular music and media texts. The profiles and perspectives focus on the peripheries on texts which might be considered B sides overlooked underappreciated and unsung cases creators patterns and productions that have unassumingly but significantly marked popular culture music and media during the past 40 years. The underappreciated yet enduring contributions of a variety of creative individuals in music television and film are a centerpiece of this volume. Doris Day's son Terry Melcher a 1960s music producer whose imprint is on the surf country blues garage pop and most importantly the folk rock genre. Hans Fenger's kid chorus cover project a musical variation of outsider art that became representative of the tribute wave that began in the 1990s and continues today. Versatile guitarist virtuoso Ry Cooder's extensive film soundtrack work. World Music missionary efforts of American artists beyond Paul Simon's Graceland including Neil Diamond's precursor with Tap Root Manuscript in the 1970s and the exotic adventures of Henry Kaiser and David Lindley in Madagascar and Norway to name just a few examples. These B sides represent undercurrents but they resonate as overtones in the mainstream of music and culture many as historical hinges. Collectively these B sides are an A side antidote of outskirts observations individual snapshots of artists artifacts and rituals genres and generations producers and musical productions in television film and video. They constitute an important connect the dots cultural chronicle with a multi layered context social legal historic economic technological generational aesthetic for interpreting the interrelations between creators and institutions the music market place the production of culture and important connections between the peripheral and the popular.

**Be Free!!!**, **New York Magazine**, 1990-03-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

**Tales of Insanity** S. Basan, E. W. McAfee, 2001 Journey to the edge of insanity and meet Cowboy and Ophelia in a brutally frank portrayal of life in the mysterious and dark realm of the psychotic. Surviving times of intense rage and pain theirs is a capturing love story. The book is a series of fluid short stories providing a continuity found in the chapters of a novel. However each one is a story unto itself yet is strongly related by the common threads of characters action and timeline. This gives the reader a freedom not available in the usual medium combining said continuity with a sharply defined intensity as only the short story format allows. I thoroughly enjoyed Tales of Insanity and think it is well written and thought provoking. As we have just published Thom Jones stories we are now looking for something a bit less dark. Tales of Insanity is a story that must be told. Kathryn Di Tomasso Little Brown Company
