Originating in the sea especially in the waters surrounding the low lying islands of the Maldives *Cypraea moneta* sometimes confused with *Cypraea annulus* was transported to various parts of Afro Eurasia in the prehistoric era and in many cases it was gradually transformed into a form of money in various societies for a long span of time Yang provides a global examination of cowrie money within and beyond Afro Eurasia from the archaeological period to the early twentieth century By focusing on cowrie money in Indian Chinese Southeast Asian and West African societies and shell money in Pacific and North American societies Yang synthesises and illustrates the economic and cultural connections networks and interactions over a longue dur e and in a cross regional context Analysing locally varied experiences of cowrie money from a global perspective Yang argued that cowrie money was the first global money that shaped Afro Eurasian societies both individually and collectively He proposes a paradigm of the cowrie money world that engages local regional transregional and global themes

An Atlas of Cowrie Radulae (Mollusca: Gastropoda: Cypraeoidea: Cypraeidae) Hugh Bradner,1996 The Shell Money of the Slave Trade Jan Hogendorn,Marion Johnson,2003-09-18 A study of the role of cowrie shell money in West African trade particularly the slave trade **A World Transformed** James Walvin,2022-05-17 A comprehensive study of how slavery and enslaved people shaped the modern world A World Transformed explores how slavery thrived at the heart of the entire Western world for more than three centuries Arguing that slavery can be fully understood only by stepping back from traditional national histories this book collects the scattered accounts of the latest modern scholarship into a comprehensive history of slavery and its shaping of the world we know Celebrated historian James Walvin tells a global story that covers everything from the capitalist economy labor and the environment to social culture and ideas of family beauty and taste This book underscores just how thoroughly slavery is responsible for the making of the modern world The enforced transportation and labor of millions of Africans became a massive social and economic force catalyzing the rapid development of multiple new and enormous trading systems with profound global consequences The labor and products of enslaved people changed the consumption habits of millions in India and Asia Europe and Africa in colonized and Indigenous American societies Across time slavery shaped many of the dominant features of Western taste items and habits or rare and costly luxuries some of which might seem at first glance utterly removed from the horrific reality of slavery A World Transformed traces the global impacts of slavery over centuries far beyond legal or historical endpoints confirming that the world created by slave labor lives on today Entangled Lives Joy L. K. Pachuau,Willem van Schendel,2022-11-10 Entangled Lives is a case study in environmental history multispecies history more than human history posthumanism and environmental humanities Its main objective is to foreground that history is co created but that its contours are locally specific Handbook of Key Global Financial Markets, Institutions, and Infrastructure Gerard Caprio,Douglas W. Arner,Thorsten Beck,Charles W. Calomiris,Larry Neal,Nicolas Véron,2012-11-27 This title begins its description of how we created a financially intergrated world by first examining the history of financial globalization from Roman practices and Ottoman finance to Chinese standards the beginnings of corporate practices and the advent of efforts to safeguard financial stability Earth Mother Our Womb of Life Your Brother,2008-04-01 We live in a prophetic time The interpretation of sacred texts private revelations and numerous prophecies all point to our current period as the time of a great world transformation The dreams and visions of some holy men and the prophetic signs now in the world made it clear to them that the end cycle of our World Age had returned To help prepare us for this period holy men from across the Earth have begun restoring the ancient knowledge preserved by their peoples The knowledge in this book restores the hallowed truths of our Mother Earth and our deep rooted connections to Her and prepares us for what some people call Purification Time when knowledge of our Earth Mother and the process progressing us within our Sun System are needed and returned to us It s time to reawaken to how our highest

destinies are tied to our living Mother Earth and to the design in Nature carrying our world to the Paradise spoken of in prophecy down through time The information being restored prepares us for the unexpected events and fateful choices which will soon arise for each of us It also provides us a key to understanding the meaning of many myths legends and world mysteries all of which connect with the end of our Age and the coming of the new heaven upon the Earth Some of the subjects discussed in the book include Mother Earth and Her Sacred Heart Womb The Holy Way we Belong to the Earth The incarnate Earth Heart Christos The Earth s Birth Pains and Hidden Egg Earth become Heaven the Morning Star Creation and Evolution as One Process The Danger of the Forbidden Time Structure Preparing for the changes unto Heaven **China and the Birth of Globalization in the 16th Century** Dennis O. upland landlocked areas Ava Yunnan the Tripuri Dimasa and Ahom states not usually seen as part of maritime history This collection of essays suggests that they too were a part of the social and commercial networks of the Indian Ocean While these countries literally fell off the map this volume proposes that we see these areas instead as crossroads mediating flows between the land dwelling and aquatic worlds
