Coyote In The Mountains And Other Stories

Morris Edward Opler

Coyote In The Mountains And Other Stories:

Coyote in the Mountains and Other Stories John Rember,1989 Short stories follow Coyote a Vietnam veteran in his relationships with a variety of people each summed up with an animal name **Every Trail Has a Story** Bob Henderson,2005-03-07 Canada is packed with intriguing destinations where heritage and landscape interact Bob Henderson captures our living history and its relationship to the land **The Native American Almanac: A Portrait of Native America Today** Arlene B. Hirschfelder,Martha Kreipe de Montaña,2008-04-21 an excellent overview of past and present Native American life Library Journal Best research tool Lingua Franca Wide ranging authoritative and timely here is an illuminating portrait of America s Native peoples combining information about their history and traditions with insight into the topics that most affect their lives today From the upheaval of first contacts to the policies of removal to contemporary issues of self determination this useful sourcebook provides information on all aspects of Native American life The Native American Almanac outlines topics of particular interest such as the history of Native white relations the location and status of Native American tribes religious traditions and ceremonies language and literature and contemporary performers and artists and includes dozens of useful reference features such as Maps of tribal areas historical conflicts and present day reservations A detailed chronology of significant events Names and addresses of hundreds of organizations concerned with Native American affairs A listing of Native American landmarks museums and cultural centers from coast to coast More than 100 black and white photographs and drawings Visit us online at <http://www.mgr.com> *Coco Quantum and Other Stories* Mason Chung,Mason Chung,2008-05 Each story in this book can also be described as fable urban legend fairy tale or all of the above This book is a collection of stories that are part fable part urban legend part fairy tale They will make you laugh They will make you think They will make you read them again The stories included in this book are Blue Jack Down Swank and Toxy Space Garbage Man Cross My Heart Heurist Blues Charlatan s Green Blueberry Moon over POW The Joker s Smile Ruffian s Gold Unnecessary Beauty The Incredible Sunshine Lady The Girl in Orange Dress A Cup of Tea for My Coyote Five Takes the Island Divide by True Stranger in Blue Coco Quantum Chariots of Rainbow Breakable Hearts at Five and Dime Mabelline Freedom Truth Does Not Entertain **The Kean Land and Other Stories** Jack Schaefer,2017-08-15 The classic Western short stories in this Jack Schaefer collection explore the changing and often challenging truths found throughout the American West The featured novella The Kean Land tells the story of young Ben Hammon as he arrives in western Colorado after the death of his parents to live with his small town lawman uncle The drama unfolds as Ben learns the ways of the land and the people who live there including the Kean family As progress pursues there is a dramatic price the Keans and others must pay to keep their land in this once hostile territory How much blood must those who love the land pay in order to stay **The Emperor's Giraffe And Other Stories Of Cultures In Contact** Samuel Wilson,1999-03-25 Focuses on little known moments in history when two cultures previously unknown or little known to each other met and altered the course of

history **Ecology and Ethnogenesis** Adam R. Hodge, 2019-04-01 In *Ecology and Ethnogenesis* Adam R Hodge argues that the Eastern Shoshone tribe now located on the Wind River Reservation in Wyoming underwent a process of ethnogenesis through cultural attachment to its physical environment that proved integral to its survival and existence He explores the intersection of environmental indigenous and gender history to illuminate the historic roots of the Eastern Shoshone bands that inhabited the intermountain West during the nineteenth century Hodge presents an impressive longue dur e narrative of Eastern Shoshone history from roughly 1000 CE to 1868 analyzing the major developments that influenced Shoshone culture and identity Geographically spanning the Great Basin Rocky Mountain Columbia Plateau and Great Plains regions *Ecology and Ethnogenesis* engages environmental history to explore the synergistic relationship between the subsistence methods of indigenous people and the lands that they inhabited prior to the reservation era In examining that history Hodge treats Shoshones other Native peoples and Euroamericans as agents who through their use of the environment were major components of much broader ecosystems The story of the Eastern Shoshones over eight hundred years is an epic story of ecological transformation human agency and cultural adaptation *Ecology and Ethnogenesis* is a major contribution to environmental history ethnohistory and Native American history It explores Eastern Shoshone ethnogenesis based on interdisciplinary research in history archaeology anthropology and the natural sciences in devoting more attention to the dynamic and often traumatic history of precontact Native America and to how the deeper past profoundly influenced the postcontact era **An Apache Life-Way** Morris Edward Opler, 2018-12-05 A majority of ethnographer Morris Edward Opler s research was done on Native American groups of the American Southwest He studied specifically the Chiricahua Indians who were the subjects of one of his most famous books *An Apache Life Way* The Economic Social and Religious Institutions of the Chiricahua Indians Opler studied many Native American groups but the Apache were a main focus of his *An Apache Life Way* traces the life of an Apache year by year Rather than a history the book explains the day to day Apache experience detailing the chronological order of one s life The lifestyle described in the book is from a time before the Americans started the long era of hostile interactions with the Apache The people designated as Apache in this book are those who spoke the Apache language in the area that is now New Mexico Arizona Sonora and Chihuahua There were many smaller sub groups that populated these areas three of them different groups of the Chiricahua Apache *An Apache Life Way* is divided into several main parts Childhood Maturation Social Relations of Adults Folk Beliefs Medical Practice and Shamanism Maintenance of the Household Marital and Sexual Life The Round of Life Political Organization and Status and Death Mourning and the Underworld Each section is divided into more specific subcategories that explore each phase of life and the rituals associated with it Originally published in 1941 *An Apache Life Way* remains one of the most important and innovative studies of south western Native Americans First class in the best ethnographic tradition It fills a great gap in our anthropological knowledge and deserves to be one of the most used of American tribal records Ruth Benedict author of

Patterns of Culture **Emerson's Wife and Other Stories** Florence Finch Kelly, 2020-07-29 Reproduction of the original Emerson's Wife and Other Stories by Florence Finch Kelly **Sacajawea's People** John W. W. Mann, 2004-12-01 On October 20 2001 a crowd gathered just east of Salmon Idaho to dedicate the site of the Sacajawea Interpretive Cultural and Education Center in preparation for the Lewis and Clark Bicentennial In a bitter instance of irony the American Indian peoples conducting the ceremony dedicating the land to the tribe the city of Salmon and the nation the Lemhi Shoshones Sacajawea's own people had been removed from their homeland nearly a hundred years earlier and had yet to regain official federal recognition as a tribe John W W Mann's book at long last tells the remarkable and inspiring story of the Lemhi Shoshones from their distant beginning to their present struggles Mann offers an absorbing and richly detailed look at the life of Sacajawea's people before their first contact with non Natives their encounter with the Lewis and Clark Expedition in the early nineteenth century and their subsequent confinement to a reservation in northern Idaho near the town of Salmon He follows the Lemhis from the liquidation of their reservation in 1907 to their forced union with the Shoshone Bannock tribes of the Fort Hall Reservation to the south He describes how for the past century surrounded by more populous and powerful Native tribes the Lemhis have fought to preserve their political economic and cultural integrity His compelling and informative account should help to bring Sacajawea's people out of the long shadow of history and restore them to their rightful place in the American story **Mountain Windsong** Robert J. Conley, 2014-12-11 Set against the tragic events of the Cherokees removal from their traditional lands in North Carolina to Indian Territory between 1835 1838 Mountain Windsong is a love story that brings to life the suffering and endurance of the Cherokee people It is the moving tale of Waguli Whippoorwill and Oconeechee a young Cherokee man and woman separated by the Trail of Tears Just as they are about to be married Waguli is captured by federal soldiers and along with thousands of other Cherokees taken west on foot and then by steamboat to what is now eastern Oklahoma Though many die along the way Waguli survives drowning his shame and sorrow in alcohol Oconeechee among the few Cherokees who remain behind hidden in the mountains embarks on a courageous search for Waguli Robert J Conley makes use of song legend and historical documents to weave the rich texture of the story which is told through several sometimes contradictory voices The traditional narrative of the Trail of Tears is told to a young contemporary Cherokee boy by his grandfather presented in bits and pieces as they go about their everyday chores in rural North Carolina The telling is neither bitter nor hostile it is sympathetic by unsentimental An ironic third point of view detached and often adversarial is provided by the historical documents interspersed through the novel from the text of the removal treaty to Ralph Waldo Emerson's letter to the president of the United States in protest of the removal In this layering of contradictory elements Conley implies questions about the relationships between history and legend storytelling and myth making Inspired by the lyrics of Don Grooms's song Whippoorwill which open many chapters in the text Conley has written a novel both meticulously accurate and deeply moving The Idaho Librarian ,1991 The Law of the Paiute and Other

Stories Bill Parks, 2003 The Law of the Paiute and Other Stories is about interesting people and events which are exciting adventurous real life changing and original It was written by an author who had lived much of what he wrote about during his 97 years The Johnstown Stage, and Other Stories Robert Howe Fletcher, 1891 **Evangelium vitae** Maurizio C. Kapsa, 1996 **Narrative Medicine** Lewis Mehl-Madrona, 2007-06-11 Seeks to restore the pivotal role of the patient's own story in the healing process Shows how conventional medicine tends to ignore the account of the patient Presents case histories where disease is addressed and healed through the narrative process Proposes a reinvention of medicine to include the indigenous healing methods that for thousands of years have drawn their effectiveness from telling and listening Modern medicine with its high tech and managed care approach has eliminated much of what constitutes the art of healing those elements of doctoring that go beyond the medications prescribed The typically brief office visit leaves little time for doctors to listen to their patients though it is in these narratives that disease is both revealed and perpetuated and can be released and treated Lewis Mehl Madrona's Narrative Medicine examines the foundations of the indigenous use of story as a healing modality Citing numerous case histories that demonstrate the profound power of narrative in healing the author shows how when we learn to dialogue with disease we come to understand the power of the story we tell about our illness and our possibilities for better health He shows how this approach also includes examining our relationships to our extended community to find any underlying disharmony that may need healing Mehl Madrona points the way to a new model of medicine a health care system that draws its effectiveness from listening to the healing wisdom of the past and also to the present day voices of its patients *The Story of Lynx* Claude Lévi-Strauss, 1996-12 In olden days in a village peopled by animal creatures lived Wild Cat another name for Lynx He was old and mangy and he was constantly scratching himself with his cane From time to time a young girl who lived in the same cabin would grab the cane also to scratch herself In vain Wild Cat kept trying to talk her out of it One day the young lady found herself pregnant she gave birth to a boy Coyote another inhabitant of the village became indignant He talked all of the population into going to live elsewhere and abandoning the old Wild Cat his wife and their child to their fate So begins the Nez Percé myth that lies at the heart of *The Story of Lynx* Claude Lévi Strauss's most accessible examination of the rich mythology of American Indians In this wide ranging work the master of structural anthropology considers the many variations in a story that occurs in both North and South America but especially among the Salish speaking peoples of the Northwest Coast He also shows how centuries of contact with Europeans have altered the tales Lévi Strauss focuses on the opposition between Wild Cat and Coyote to explore the meaning and uses of gemellarity or twinning in Native American culture The concept of dual organization that these tales exemplify is one of non equivalence everything has an opposite or other with which it coexists in unstable tension In contrast Lévi Strauss argues European notions of twinning as in the myth of Castor and Pollux stress the essential sameness of the twins This fundamental cultural difference lay behind the fatal clash of European and Native American peoples *The Story of Lynx* addresses and

clarifies all the major issues that have occupied L vi Strauss for decades and is the only one of his books in which he explicitly connects history and structuralism The result is a work that will appeal to those interested in American Indian mythology

How Coyote Stole the Summer Stephen Krensky,2008-08-01 Brrr Coyote is always cold That s because it s winter all year long But Old Woman has something amazing called summer It s tied up in a little bag in her tipi Coyote and his friends Wolf Moose Elk Stag and Antelope make a plan to steal summer But when Coyote grabs the bag Old Woman s children chase after him Will his plan work Will everyone have a chance to share summer s warmth Find out what happens in this fast paced tale

Healing the Mind through the Power of Story Lewis Mehl-Madrona,2010-06-18 Psychiatry that recognizes the essential role of community in creating a new story of mental health Provides a critique of conventional psychiatry and a look at what mental health care could be Includes stories used in the author s healing practice that draw from traditional cultures around the world Conventional psychiatry is not working The pharmaceutical industry promises it has cures for everything that ails us yet a recent study on antidepressants showed there is no difference of success in prescribed pharmaceuticals from placebos when all FDA reported trials are considered instead of just the trials published in journals Up to 80 percent of patients with bipolar depression remain symptomatic despite conventional treatment and 10 to 20 percent of these patients commit suicide In *Healing the Mind through the Power of Story* Dr Mehl Madrona shows what mental health care could be He explains that within a narrative psychiatry model of mental illness people are not defective requiring drugs to fix them What needs fixing is the ineffective stories they have internalized and succumbed to about how they should live in the world Drawing on traditional stories from cultures around the world Dr Mehl Madrona helps his patients re story their lives He shows how this innovative approach is actually more compatible with what we are learning about the biology of the brain and genetics than the conventional model of psychiatry Drawing on wisdom both ancient and new he demonstrates the power and success of narrative psychiatry to bring forth change and lasting transformation

The Native American Story Book
Volume Five Stories of the American Indians for Children G.W. Mullins,2018-02-06 Native Americans did not write down or record their history so we have to find out about their past in other ways They used games myths dance and impersonation to teach the children of their history and ways of life Their storytelling was filled with family heritage and stories of the earth It is through storytelling that the rich history of the Native American tribes is alive and well today It has been shared and preserved and still pays tribute to fallen heroes of the past It is through these glimpses into the past and these stories much like the ones that are contained in this book that you can see what a proud heritage they possess and how in tune with the Earth Native Americans really are Included in this collection are The Story of the Land of Northern Lights The Legend of the Bear Family The Origin of Summer and Winter The Story of the Buffalo painted Lodges The Story of the Camp of the Ghosts Creation of the First Indians The Story of the Little Burnt Face Origin of the Sweat Lodge Rabbit and the Moon Man Ghost of the White Deer Unktomi and the Arrowheads The Story of the First Pine Trees Raven and His

Grandmother The Story of the Snow Man The Origin of Medicine and many more
