Country Ideals 1994 Ideals Country:

Changing Values and Beliefs in 85 Countries, 2008 This book presents the trends in beliefs and values of people in 85 countries around the world from 1981 to 2004 It shows the cultural differences and similarities between countries and how human values are changing Ideal Code, Real World Brad Hooker, 2002 Begins by explaining and arguing for certain criteria for assessing normative moral theories Then argues that these criteria lead to a rule consequentialist moral theory

Gu Mingyuan's Educational Thought Yingjie Wang, 2025-04-01 This book systematically reviews the educational thought of Mr Gu Mingyuan one of the most prestigious educationists in contemporary China and details the development of his pioneering educational ideas The content covers virtually all areas of education from pre school to higher education and lifelong learning from general education to vocational education and informal learning In the process it comprehensively reflects Mr Gu s insights on global education and his perspectives on Chinese education reviews China s educational history assesses the status quo and outlines the future of education Since he has not only been a significant witness but also a key promoter of all major educational changes since China s reform and opening up over the past 40 years this book is more than a personal biography of a Chinese educationist rather it epitomizes the evolution of China s educational thinking over the past four decades European Values in Numbers Ruud Luijkx, Loek Halman, Inge Sieben, Evelyn Brislinger, Markus

Quandt, 2016-11-01 This volume presents the beliefs and values of people in European countries and the trends that appeared at turn of the century Based on survey data from the 1981 1990 1999 and 2008 values studies in Europe trends in human values are examined concerning important life domains such as religion and morality primary relations and family life work and leisure time society and political culture It shows the cultural varieties and similarities in value profiles of the Europeans at the end of the 20th and beginning of the 21st century **European Values at the Turn of the Millennium** Wil

Arts, Loek Halman, 2004-09-01 This volume deals with Europe s diversity and homogeneity at the turn of the millennium in terms of fundamental value orientations Using data from the 1999 2000 wave of the European Values Study the contributors to this book try to identify and offer explanations and understandings of the patterns in the basic values and attitudes that have been ascertained in specific life spheres e g work and leisure time religion morality society and politics family and marriage The result is a cultural map of Europe that captures the diversities and similarities in value profiles of the Europeans **Values, Political Action, and Change in the Middle East and the Arab Spring** Mansoor

Moaddel, Michele J. Gelfand, 2017 With change serving as the central theme of this edited volume contributing authors have advanced new and insightful frameworks to analyze vast empirical data in order to explain the dynamics of cross national variation values political engagement morality and development in the Middle East and North Africa in light of the Arab Spring Methodological issues in survey research are also addressed in this volume **The Competitiveness of Transition**

Economies OECD, 1998-07-29 This book offers a comprehensive and a comparative approach on the different interactions

between trade FDI and the process of economic transformation **Democracy in Practice** Helena Catt,2002-03-11 bThis unique textbook provides students with a detailed look at many different aspects of democracy in practice clearly describing and analysing all three existing models of democracy participatory democracy referenda and initiatives representative or liberal democracy Using numerous real life examples from all over the world this text explores how each is used in practice and provides discussion of the main problems with each model answering the question Why are there so many different forms of democratic practice Proterozoic Tectonic Evolution of the Grenville Orogen in North America Richard P. Tollo,2004-01-01 Suicide in Children and Adolescents Robert A. King,Alan Apter,2003-08-28 In an epoch when rates of death and illness among the young have steadily decreased in the face of medical progress the persistently high rates of youth suicide and suicide attempts around the world remain a tragic irony and a challenge to both our clinical practice and theoretical understanding How can these deaths be prevented Can they be anticipated Are there perceptible patterns of risk and vulnerability What role do families gender culture and biology play What are the treatments for and outcomes of suicide attempters To address these questions experts from around the world in all areas of psychiatry from epidemiology neurobiology genetics and psychotherapy have brought together their current findings in Suicide in Children and Adolescents **The Cultural Psychology of the COVID-19 Pandemic** Yulia Chentsova Dutton,Glenn Adams,Markus Kemmelmeier,Lucian Gideon Conway,2023-06-01 **The Influence of Values on Consumer Behaviour** Erik Kosteljik,2016-08-05 Substantial progress has been made in the conceptualization of values within psychology The importance of values is also acknowledged in marketing and companies use values to describe the core associations of their brand Yet despite this the values concept has received limited attention in marketing theory The Influence of Values on Consumer Behaviour aims to bridge the gap between the conceptual progress of values in psychology and the current practice in marketing and branding literature It proposes the Value Compass a comprehensive value system that is cross culturally applicable to consumer behaviour and brand choice The values concept is used in psychology to identify the motivations underlying behaviour a concept that marketers have borrowed to define brand values This has led to conceptual confusion Whereas in psychology the values system is perceived as an integrated structure in marketing values are treated as abstract motivations that give importance to the benefits of consumption Attention in marketing has shifted away from brand values toward brand personality a set of human characteristics associated with a brand Despite its popularity brand personality has limitations in explaining consumer behaviour while the potential merits of a brand values concept have remained largely unexplored The book presents a meaningful alternative to the brand personality concept and promotes the benefits of using the Value Compass for assessing the effects of brand values and personal values on consumer choice As such it will be essential reading for academics and postgraduate students in the fields of marketing consumer psychology branding consumer choice behaviour and business studies **After Doha: The Changing Attitude and Ideas of the New**

The Routledge International Handbook of Life and Values Education in Asia John Chi-Kin Lee, Kerry J Kennedy, 2024-06-28 This Handbook provides a comprehensive look at the educational scope of life and values that characterize 21st century Asia as well as those values shared across cultures Some values are deeply resonant with the region's past while others reflect modernity and the new contexts in which Asian societies find themselves Exploring these values of different types and the way they are constructed in Eastern and Western contexts the contributors delve into the

diversity of religious moral and social education to promote greater understanding across cultures While a range of values is identified here there is no single set of values that can be applied to all people in all contexts The time has long gone even for single societies when values can be imposed Yet this Handbook emphasizes both the extent and importance of values to individuals and their societies how they respond to these values may provide the key to better and more caring societies and to better lives for all Academics and teachers will find this Handbook resourceful because it raises important theoretical issues related to social values and their formation in distinctive contexts and provides novel insights into the diverse educational landscape in Asia Policymakers and educators will also find this text helpful in learning to think about new ways to improve the quality of people s lives
