Thompson, 2024-03-22 Country music maintains a special decades long relationship to American military life but these ties didn't just happen This readable history reveals how country music's Nashville based business leaders on Music Row created

partnerships with the Pentagon to sell their audiences on military service while selling the music to servicemembers Beginning in the 1950s the military flooded armed forces airwaves with the music hosted tour dates at bases around the world and drew on artists from Johnny Cash to Lee Greenwood to support recruitment programs Over the last half of the twentieth century the close connections between the Defense Department and Music Row gave an economic boost to the white dominated sounds of country while marginalizing Black artists and fueling divisions over the meaning of patriotism This story is filled with familiar stars like Roy Acuff Elvis Presley and George Strait as well as lesser known figures industry executives who worked the halls of Congress country artists who dissented from the stereotypically patriotic trappings of the genre and more Joseph M Thompson argues convincingly that the relationship between Music Row and the Pentagon helped shape not only the evolution of popular music but also race relations partisanship and images of the United States abroad

**My Music Is My Flag** Ruth Glasser, 1997-05-23 Puerto Rican music in New York is given center stage in Ruth Glasser's original and lucid study Exploring the relationship between the social history and forms of cultural expression of Puerto Ricans she focuses on the years between the two world wars Her material integrates the experiences of the mostly working class Puerto Rican musicians who struggled to make a living during this period with those of their compatriots and the other ethnic groups with whom they shared the cultural landscape Through recorded songs and live performances Puerto Rican musicians were important representatives for the national consciousness of their compatriots on both sides of the ocean Yet they also played with African American and white jazz bands Filipino or Italian American orchestras and with other Latinos Glasser provides an understanding of the way musical subcultures could exist side by side or even as a part of the mainstream and she demonstrates the complexities of cultural nationalism and cultural authenticity within the very practical realm of commercial music Illuminating a neglected epoch of Puerto Rican life in America Glasser shows how ethnic groups settling in the United States had choices that extended beyond either maintenance of their homeland traditions or assimilation into the dominant culture Her knowledge of musical styles and performance enriches her analysis and a discography offers a helpful addition to the text
