Geography of British Columbia, 2nd ed. Brett McGillivray, 2011-11 Why is British Columbia unique within Canada What physical processes have made this province so rugged and produced such remarkable variation in climate and vegetation Why did non Natives come to British Columbia and what impact did they have on First Nations Why did so many Asian immigrants come to this province and then leave for other parts of Canada How were resources developed in the past and how are those resources developed today Geography of British Columbia discusses these and many other aspects of the growth of this distinctive province Brett McGillivray focuses first on the combination of physical processes that produced a spectacular variety of mountains rivers lakes islands fjords forests and minerals explaining the forces that created the province and the natural hazards that can reshape it A concise examination of B C historical geography follows covering First Nations ways of life colonization Asian immigration and the sad history of institutionalized racism The second half of the book contains a detailed description of the economic geography of the province with chapters on forestry the salmon fishery metal mining energy supply and demand agriculture water and the tourism industry It addresses the present day issues of urbanization economic development and resource management providing a thorough background to these topics and suggesting what the future might hold This up to date and comprehensive exploration of the rich historical geography and development of British Columbia will be welcomed by

teachers students scholars and everyone with an interest in the province **Canada orientale** Karla Zimmerman,2011

Geography of British Columbia, Third Edition Brett McGillivray,2011-01-01 Why is British Columbia unique within Canada What forces have made its landscape so rugged its population so diverse How have its resources been exploited and managed in the past and in the present Brett McGillivray adopts mainly a thematic rather than a regional approach to answer these questions Beginning with a regional overview and introduction to geographic concepts he then moves to discuss the physical processes that produced a spectacular variety of mountains lakes fjords forests and minerals His thematic exploration traces the province s historical geography including First Nations lifeways colonization Asian immigration and institutionalized racism Detailed accounts of BC s economic geography forestry fisheries mining energy supply and demand agriculture water and tourism culminate in a discussion of contemporary issues such as urbanization economic development and resource management This fully revised edition is enhanced by updated figures maps and graphs and by new discussions including how globalization climate change and recession are influencing the province and its people **The Vision Zero Handbook** Karin Edvardsson Björnberg,Sven Ove Hansson,Matts-Åke Belin,Claes Tingvall,2022-11-30 This open access handbook provides a comprehensive treatment of Vision Zero an innovative policy on public road safety developed in Sweden Covering all the major topics of the subject the book starts out with a thorough examination of the philosophy ideas and principles behind Vision Zero It looks at conditions for the effectiveness of the policy principles of safety and responsibility as well as critique on the policy Next the handbook focuses on how the Vision Zero ideas have been received and implemented in various legislations and countries worldwide It takes into account the way Vision Zero is looked at in the context of international organizations such as the WHO the UN and the OECD This allows for a comparison of systems models and effects The third part of the handbook discusses the management and leadership aspects including ISO standards equity issues other goals for traffic and transportation and opportunities for the car industry Part four delves into tools technologies and organizational measures that contribute to the implementation of Vision Zero in road traffic Examples of specific elements discussed are urban and rural road designs human factor designs and avoiding drunk and distracted driving The final part of the handbook offers perspectives on the transfer of Vision Zero policy to other areas ranging from air traffic to suicide prevention and nuclear energy Vision Zero is a public road safety policy including both a long term goal that no one shall be killed or seriously injured as a consequence of accidents in road traffic and a safety principle stating that the design and function of the road transport system shall be adapted to meet the requirements that follow from that goal It is a new road safety paradigm which has resulted in new types of responsibilities among stakeholders technological innovations and new strategies and organizational measures to achieve a safe system The road safety work based on Vision Zero has shown promising results and although Sweden has not yet reached a safe system the number of fatalities and severe injuries has decreased substantially This is an open access book **Nechako Country** June Wood,2007 The indomitable spirit of Bert

Irvine is at the heart of Nechako Country a story that provides a glimpse into a simpler world in simpler times After Bert moved his young family from Barrhead in northwestern Alberta to Vanderhoof in central British Columbia the upper Nechako country and Nechako River became integral parts of their lives Bert s life was and still is intertwined with the wilderness and the country itself is a major player in this tale Spanning 1934 to 2005 a period of unprecedented and fast paced change the story focuses largely on the 50s and 60s As the wilderness way of life continues to be replaced by a new world of high technology and the wilderness itself is pushed back and badly bruised Nechako Country provides a window into the past and a lifestyle that has all but vanished In part the story of one man s journey through life as a trapper guide outfitter and jack of all trades it is also a history of the upper Nechako valley its people and the tortured Nechako River the lifeblood of this beautiful area
