Eighteenth-Century Bristol Mary Elizabeth Fissell, Mary E. Fissell, 2002-07-04 In early modern England housewives clergymen bloodletters herb women and patients told authoritative tales about the body By the end of the eighteenth century however medicine had begun to drown out these voices This book argues that changes in the relationship between rich and poor underlay this rise in medicine's authority The Enchantment of Western Herbal Medicine Guy Waddell, 2020-01-30 Through interviews with British herbalists the importance of hidden experiences of meetings with plants is explored alongside how such enchantment has influenced the narrative of their lives Some herbalists have visible entryways into studying such as personal experience of taking herbal medicine a search for a new career or a love of nature Other entryways are more hidden with many noting crossings and callings with plants at a young age This sensual ability of herbs raises questions about the agency of living plants and of herbal medicines and about how the relationship between herbalists and plants may be reconceived Meetings with plants and herbal medicines allow herbalists to draw easily from a diverse range of influences that others may see as incommensurable This fascinating original and challenging book convincingly explores modern day herbalists understanding of their place in the complementary health world against the backdrop of encroaching professionalisation legitimacy and scientism In his case study interviews with herbalists Guy Waddell draws our attention to the enchanting power of plants and their agentic qualities In his quest for greater understanding of their sensual power the author rejects the conventional modernity rationalisation thesis seen both in the sensual affective energy that herbalists draw upon and in the ontological implications of human nonhuman crossings This book is an excellent contribution

to our understanding of Western herbal medicine and contemporary thought Dr Stuart McClean PhD Associate Professor in Public Health Health and Wellbeing University of the West of England In the field of herbal medicine few seem to know their history and the lessons it teaches us In *The Enchantment of Western Herbal Medicine* Dr Guy Waddell not only provides the reader with a detailed history of the trials and triumphs of British Phytotherapy but also travels into uncharted territory looking at how herbalists come to find their passion for plants and the use of them to help heal others This is a new area of research and exploring the entryways to practice through interviews and clinician narratives is both a fascinating undertaking and a unique way of understanding our own motivations and experiences as herbalists David Winston RH AHG DSc hc author of *Adaptogens Herbs for Strength Stamina and Stress Relief* Both compelling and challenging Guy Waddell's unique book is filled with the voices of herbalists and makes essential reading for anyone on their own journey into herbalism or those interested in human plant relationships Here is a much needed roadmap for all who are exploring the diverse choices between ancient and modern science and tradition evidence and intuition and human and nonhuman agency My congratulations to the author for so brilliantly signposting the fundamental unity that resides at the heart of herbal practice Phil Deakin President of the National Institute of Medical Herbalists

Traditional Western Herbal Medicine Elisabeth Brooke, 2019-02-18 This book is intended to be a user's manual not a reference book and so has charts diagrams tables and cross references to enable the interested practitioner to incorporate the Western Herbal Tradition into their practice It synthesises and elaborates on all the extant information on the Western Healing Tradition as recorded by William Lilly and Nicholas Culpeper in the 17th and from the author's own herbal practice It shows how using planetary energies and the wheel of the year deepens our understanding of the action of medicinal plants on the body and establishes the practitioner within their environment allowing them to use planetary energies to determine the peak times to harvest and use herbal remedies and to locate health and sickness within the holistic paradigm of Western Traditional Herbal Medicine For ease of use the book is divided into two sections The first details the philosophical framework within which traditional western herbalists can operate looking at the four humours and seven planets and the use of the diagnostic tool of the decumbiture chart The work is so organised that the humoral system can be used without astrology should that be the preference The second part covers the practical application of the philosophy how to collect make and administer herbal remedies according to the planetary days and hours and the decumbiture chart Examples of decumbiture charts will be included to show how the philosophy is used in practice Lastly a materia medica of common herbs is included This fascinating new title by the best selling Elisabeth Brooke will be of interest to anyone involved in the theory or practice of herbal medicine particularly those who have been inspired by her other classic works including *A Woman's Book of Herbs* and *Herbal Therapy for Women*
