County Longford And The Irish Revolution 1910 1923 New Directions In Irish History:

County Longford and the Irish Revolution, 1910-1923 Marie Coleman, 2003 This book gives an insight into the Irish revolution and seeks to explain how it came about through a study of events at a regional level County Longford was the scene of Sinn Féin's crucial by-election victories in 1917 and an active area of IRA operations during the War of Independence Sinn Féin's victory in the by-election acted as a catalyst for the rapid spread of the movement throughout Longford in the latter half of 1917 Marie Coleman discusses the political aspect of the revolution by examining the importance of administrative changes as Sinn Féin and Dáil Éireann usurped the functions of the courts and local government and then goes on to describe the military side of the revolution A narrative account of the War of Independence and Civil War in Longford is followed by a personnel profile of the Volunteers and Cumann na mBan respectively outlining their activities at various stages of the independence campaign and examining their motivation for joining these organisations and engaging in violent activity

Confronting the Irish Past Séamus Murphy, 2024-09-10 The 1998 Belfast Good Friday Agreement established power sharing arrangements between the two divided communities in Northern Ireland The Agreement is not set in stone but is rather a hopeful yet uncertain project Making it put down deep cultural roots requires some confrontation with and transformation of the history and the socially constructed memories of Ireland's decisive decade 1912-1923 which was violent and divisive

The Irish Factor, 1899-1919 Jérôme aan De Wiel, 2008 This book examines strategic and diplomatic issues concerning Ireland at the beginning of the 20th century together with espionage sabotage and propaganda operations of foreign powers trying to manipulate Ireland Focussing on continental European powers such as Austria Hungary France Germany and to a lesser extent Russia the book is based on research in diplomatic and military archives notably in Berlin Brussels Paris and Vienna The research unearthed many unknown documents which in turn produced some unexpected revelations During the Boer War the French envisaged a landing in Ireland to strike at Britain They had also financed the activities of certain Irish nationalists The Germans and the French battled in the United States in order to control the influential Irish American community The comparison of documents found in archives in London and Berlin shows that some British officials let the Easter Rising of 1916 deliberately happen the aim being the decapitation of the Irish republican movement The book also reveals the existence of hitherto relatively unknown characters which played their part in the course of Irish history The correspondence between George Freeman in New York and Professor Theodor Schiemann in Berlin sheds light on Germany's interest in Irish and Irish American republican movements France's diplomatic icons Paul and Jules Cambon became increasingly aware of the Irish world's threat after the signing of the Entente Cordiale in 1904

Books Ireland, 2002 **County Longford, 1910-1923** Marie Coleman, University College, Dublin. Dept. of Modern Irish History, 1998 **Ireland of the Welcomes**, 1998 The Irish Revolution, 1916-1923 Marie Coleman, 2013-11-20 This concise study of Ireland's revolutionary years charts the demise of the home rule movement and the rise of militant

nationalism that led eventually to the partition of Ireland and independence for southern Ireland The book provides a clear chronology of events but also adopts a thematic approach to ensure that the role of women and labour are examined in addition to the principal political and military developments during the period Incorporating the most recent literature on the period it provides a good introduction to some of the most controversial debates on the subject including the extent of sectarianism the nature of violence and the motivation of guerrilla fighters The supplementary documents have been chosen carefully to provide a wide ranging perspective of political views including those of constitutional nationalists republicans unionists the British government and the labour movement The Irish Revolution 1916-1923 is ideal for students and interested readers at all levels providing a diverse range of primary sources and the tools to unlock them *Nippon Today and Tomorrow*, 1934 Nos 1 include section Books on Japan The Irish Revolution, 1912-23 Pat McCarthy, 2015 Drawing on an impressive array of sources author Pat McCarthy has produced the first comprehensive history of County Waterford during the turbulent and extraordinary years of the Irish Revolution He reveals what life was like for the ordinary men women and children of city and county during a period that witnessed world war and domestic political and social strife As the home constituency of John Redmond leader of the Irish Parliamentary Party Waterford city shared in his apparent triumph between 1912 and 1914 when he was on the cusp of achieving home rule The city faithfully supported his wartime policies and benefited from the consequent economic boom On Redmond's death that loyalty was transferred to his son amid bitter political violence After the general election of 1918 Captain William Redmond described his Waterford city constituency the only one outside Ulster to return an Irish Party MP as an oasis in the political desert that is Ireland Waterford city's allegiance to the Redmonds its support for the British war effort and a strong labor movement combined to make the city a social and political battleground By contrast County Waterford reflected the nationwide trend and was swept along by the rising Sinn Féin tide It also participated actively in the War of Independence In 1922 and 1923 both city and county were convulsed by the Civil War and bitter labor disputes This wide ranging study offers fascinating new perspectives on Waterford during the Irish Revolution Series Irish Revolution 1912-23 Subject History Irish Studies Politics

ILLUSTRATED HISTORY OF THE IRISH REVOLUTION MICHAEL B. BARRY, 2023 *The Irish Revolution and Its Aftermath, 1916-1923* Francis J. Costello, 2003 The Irish Revolution at the beginning of the twentieth century spawned the creation of the modern Irish state This is the first full length analysis to offer a comprehensive framework of that revolution in its totality taking into account the broad range of social economic and political developments as well as the IRA's campaign of guerrilla warfare and the British response to it Drawing on such previously unpublished sources as the Irish Department of Defense's Military History Bureau the author paints a broad picture of the people and the key events in the Irish struggle for independence The book also breaks new ground in presenting much of the behind the scenes debate within the British Government in the prosecution of its policies in response to the revolt in Ireland British official frustration

provoked by the acceptance of D il Eireann by the majority of the Irish people and the independent institutions it sought to set in place is also explicitly chronicled New light is shed on the Anglo Irish Treaty negotiations as well as on the divisions within Irish nationalism before and indeed afterwards which culminated in the Irish Civil War The role of external forces including public opinion in the United States and British competing obligations at home and abroad are also covered Considerable attention is given to the development of democratic government in the fledgling Irish Free State in the midst of domestic upheaval and to the broader effort at nation building which followed after the Civil War ILLUSTRATED
