The Social Welfare of Women and Children with HIV and AIDS Theodore J. Stein, 1998 This book examines the issues surrounding the growing epidemic of women and children with HIV and AIDS It explores such issues as discrimination in employment housing health care and education and looks at medical testing confidentiality reproductive freedom income assistance child welfare and child custody Focusing on the federal and state statutes that protect women and children with HIV and AIDS from discrimination this book also examines the statutes that govern the operation of the public systems to which significant numbers of women with HIV and AIDS turn to for financial and medical needs housing assistance and social services Clear and accessible this book is vital reading for anyone interested in learning more about the policies provisions and legal concepts surrounding this issue

HIV Affected and Vulnerable Youth Alejandro Garcia, Susan Taylor-Brown, 2014-01-21 HIV Affected and Vulnerable Youth Prevention Issues and Approaches provides suggestions for support of vulnerable youth who must face chronic disease or death poverty drug abuse and racism as well as the tribulations that accompany adolescence Social workers case managers psychologists and nurses who work with HIV affected and vulnerable youth and their families will find unique recommendations on how to assist these individuals in resisting risky behaviors This unique collection of research studies expands on the current knowledge while informing us of how much more there is to be learned This informative book will enlighten you about the children and mothers who are most likely to be affected by the HIV disease the poor people of color living in substandard housing who are subjected to discrimination and social isolation The multiple losses experienced by these women and children because of infection crime and substance abuse are included in this valuable book but most importantly you will discover how you can alleviate some of the stresses caused by these losses Through HIV Affected and Vulnerable Youth you will discover multiple ways to successfully help the adolescents in your practice deal with the challenges inherent to HIV economic hardships and substance abuse Comprehensive and intelligent this important book will help you address the needs of HIV affected children or families with humanity sensitivity and ethnically sensitive interventions With HIV Affected and Vulnerable Youth you will find unique interventions to help the youth and family in your community by discovering how facing the mortality of an HIV infected family member has profound psychological effects on a child or adolescent and how you can help ease this crisis for your clients understanding why many youth who must cope with the eminent death of a family member deal with this crisis by engaging in risky behaviors which may result in HIV infection for themselves realizing that the lack of education about HIV how it is transmitted and how to prevent transmission may be part of the problem for high risk youth learning how some HIV positive children exhibit stable functioning and resilience in coping with their health but have difficulties exhibiting the same stability in other aspects of their lives realizing that the social stigma surrounding HIV has not lost its intensity and that this stigma is a part of the everyday reality for HIV affected children and their families HIV Affected and Vulnerable Youth Prevention Issues and

Approaches brings to light the daily heartache and struggles of HIV affected children and their families The day to day challenges of families and youths due to HIV infection crime substance abuse and sometimes where and how they live pose problems to the well being of these individuals and are significant obstacles to mental health therapy and health care services This helpful book offers you several intervention techniques in order to improve the lives of HIV affected individuals and families in your community **Educating Young Children Prenatally Exposed to Drugs and at Risk** Shirley A.

Jackson,1995-10 *Crisis Counseling For A Quality School* Larry Palmatier,2013-10-08 The theory of crisis counselling put forward in this book is applied to the following situations drug and alcohol abuse depression and suicide physical and sexual abuse social and discipline problems lateness encopresis and enuresis fear teariness inactivity fury and impulsiveness violence and conflicts children of divorced and foster families loss and grief war and disasters parents in crisis homelessness crack kids and AIDS children and defiance inter racial tensions and cross cultural conflicts Children Mourning, Mourning Children Kenneth J. Doka,2014-01-21 Based on the Hospice Foundation of America s second annual teleconference this book explores three basic themes in children s grief Firstly it maintains that children are always developing therefore their understanding of death and their reactions to illness and loss are also multifaceted and constantly undergoing change Secondly children grieve in ways that are both different from and similar to adults While they may need different therapeutic approaches from their elders each loss is different and the grief experience will be affected by many of the same factors that affect adults Thirdly it holds that they need significant support as they grieve Talking to children about loss and and illness is too important to wait until a crisis rather it is essential to provide opportunities to discuss loss in times that are not so Emotionally Laden This Book Aims To Demonstrate That Open Communication between parents and children will lead to skills and understanding that are essential to the child for coping with loss and reaffirming that death is part of the process of living *Invisible Caregivers* Daphne Joslin,2002 This collection covers a variety of issues facing elder caregivers community health aging HIV services child welfare education public policy and mental health AIDS Elliot D.

Cohen,Michael Davis,1994-04-06 Professionals face tough questions raised by the AIDS pandemic **Health Issues for Minority Adolescents** Marjorie Kagawa-Singer,1996-01-01 Adolescents are an underserved group in terms of health care Poor and minority youth are particularly shortchanged in our current system In view of the high incidence of many medical and psychological syndromes associated with poverty and discrimination this situation is paradoxical This book examines both common and unique health issues associated with a number of different groups African American Latino Native American Asian American and Hawaiian and explores the role of traditional and nontraditional treatments for each The chapters represent a compendium of the most up to date studies summarized by leading researchers and include specific recommendations for improving health care services which will prove valuable to providers and those concerned with public policy The authors conclude that unless greater attention and resources are devoted to these youth the consequences will
