George KENDALL (D.D.)

Covenant Of Reason:

The Covenant of Reason Isaac Levi, 1997-09-13 Isaac Levi is one of the preeminent philosophers in the areas of pragmatic rationality and epistemology This collection of essays constitutes an important presentation of his original and influential ideas about rational choice and belief A wide range of topics is covered including consequentialism and sequential choice consensus voluntarism of belief and the tolerance of the opinions of others The essays elaborate on the idea that principles of rationality are norms that regulate the coherence of our beliefs and values with our rational choices The norms impose minimal constraints on deliberation and inquiry but they also impose demands well beyond the capacities of deliberating agents This major collection will be eagerly sought out by a wide range of philosophers in epistemology logic and philosophy of science as well as economists decision theorists and statisticians **Answers by the Associate**
