Representing Africa in Children's Literature Vivian Yenika-Agbaw,2007-12-13 Representing Africa in Children's Literature explores how African and Western authors portray youth in contemporary African societies critically examining the dominant images of Africa and Africans in books published between 1960 and 2005 The book focuses on contemporary children's and young adult literature set in Africa examining issues regarding colonialism the politics of representation and the challenges posed to both insiders and outsiders writing about Africa for children *Hoodwinked* Jack Cashill,2009-07-20 For the last century many intellectuals and activists responsible for shaping the way we think about sex crime government and even our very history have been fabricating the facts And yet they have been published praised promoted and protected by a cultural establishment that has its agendas advanced by disinformation half truths and lies As a student of American intellectual history Cashill has come to see that much of what is taught about the last century is not merely biased but knowingly false A Ph D in American studies from Purdue and a former Fulbright professor in France Cashill has taught at several American universities and knows all too well the spin and dissembling of the academic world and public debate In this sensational and essential book Cashill tells the stories behind the fraud and reveals an unsettling pattern of institutional and cultural deception With wide scope and fine point scrutiny *Hoodwinked* finally and definitively exposes the intellectual elite's trumpery from unwitting self deception to conscious manipulation of data from the merely false to the purely fraudulent and is the perfect antidote for the corrosive disinformation that has poisoned our society culture and understanding of the world at large Norm Chomsky is one of America's best known public intellectuals the nation's self appointed conscience And says Arthur Schlesinger it has long been impossible to believe anything he says The bigger problem is that the same and worse can be said for much of America's cultural elite and Jack Cashill exposes them all The sexual revolution Alfred Kinsey encouraged the sexual torture of small boys Masters and Johnson created an imaginary heterosexual AIDS crisis Planned Parenthood buried Margaret Sanger's plan to sterilize the racially and genetically impure

Multiculturalism Mumia is guilty Alex Haley s Roots was almost pure fraud Edward Said grew up a wealthy American not a persecuted palestinian refugee University of Colorado professor Ward Churchill faked his identity as Native American and much of his scholarship on genocide And Michael Moore He faked just about everything Marxism The New York Times Waltar Duranty won a Pulitzer for denying Stalin s holocaust Lillian Hellman papered over the communist sabotage of Hollywood with lies Alger Hiss and the Rosenbergs were guilty as geese Radical Naturalism Rachel Carson s bogus case against DDT has killed millions needlessly Overpopulation alarmists predicted worldwide famines before 1999 and were honored for their insights Neo Darwinians have been faking their proofs for a century in textbooks and getting away with it Hoodwinked is a powerful and devastating book that exposes the myriad lies and half truths that America s progressive elite has used to hijack an entire culture
