Animal Tales Series 1:

Animal Stories Anita Ganeri, 2014-04-10 This book introduces readers to writing stories that revolve around animals. Readers are shown how animals can be used in stories; top tips are given and readers are guided through the process of writing their own story. Engaging photographs, eye-catching illustrations, and a wealth of ideas bring the topic to life. An animal story running throughout the book draws readers in, offers concrete examples of how the tips can be put into practice, and will inspire readers to get writing their own animal stories. *Inspiring Animal Tales* Roxanne Willems Snopek, 2011-02-01 Dogs, horses, and other animals have long shown courage, trust, and loyalty to the people in their lives, but they also inspire selfless love in return. This touching collection of true stories shows how people and animals come together to overcome life's challenges and find hope for the future. National Service Dogs give autistic children the gift of love and security, and dedicated animal lovers devote their lives to rescuing and healing abused or abandoned big cats, donkeys, and parrots. The relationships portrayed in these stories are truly heartwarming. *The Complete Russian Folktale* Jack V. Haney, 1999 *Animal Tales from the Caribbean* George List, 2017-09-11 Traditional stories from the northern Colombian coast in both English and Spanish. These twenty-one animal tales from the Colombian Caribbean coast represent a sampling of the traditional stories that are told during all-night funerary wakes. The tales are told in the semi-sacred space of the patio backyard of homes as part of the funerary ritual that includes other aesthetic and expressive practices such as jokes, song, games, board games, and prayer. In this volume, these stories are situated within their performance contexts and represent a highly ritualized corpus of oral knowledge that for centuries has been preserved and cultivated by African descendant populations in the Americas. Ethnomusicologist George List collected these tales throughout his decades-long fieldwork among the rural coast as a chiefly African descendent population in the mid-twentieth century and with the help of a research team transcribed and translated them into English before his death in 2008. In this volume, John Holmes McDowell and Juan Sebastián Rojas E have worked to bring this previously unpublished manuscript to light, providing commentary on the transcriptions and translations, additional cultural context through a new introduction, and further typological and cultural analysis by Hasan M. El Shamy. Supplementing the transcribed and translated texts are links to the original Spanish recordings of the stories, allowing readers to follow along and experience the traditional telling of the tales for themselves.
