THE ANIMALS FUN LEARNING FOR CHILDREN AND PARENTSWhat are certainly the most occurring moments in a parent
s life When their child doesn t want to wash eat sleep go to school share take medicine get vaccinated And what can a parent
answer to these refusals The successful Book of The Animals bilingual children s books series was created with the aim to
help both parents and children to discover the benefits of washing eating sleeping going to school sharing taking medicine
getting vaccinated in a fun as well as educational manner Since the books are also bilingual parents will enjoy the teaching
and the interactivity they can gain from reading them with their children THE AUDIENCEThe books are geared towards
children aged 2 5 before elementary primary school They will likely be bilingual children whose parents want to encourage
the learning of their two current languages They will also be children whose parents want to teach a language at a young age
Some teachers have also been using the books of the series as a way to teach a second language to children with themes easy
for them to both understand and memorise THE CURRENT BOOKSThere are currently seven books in the series Each

Ep 7 These Animals Don t Want to Get Vaccinated 2012 The books are all available in either bilingual or monolingual
versions Bilingual versions English French English Portuguese English Italian English Spanish English Swedish English
Creole English Japanese More versions still to come REVIEWThe Book of the Animals is a planned series of illustrated books
for young children These delightful books tell the story of what happens when the animals in the stories like many young
children don t want to eat and don t want to wash The books are very suitable both for reading to young children and for
older children to use to learn to read in both languages They might even persuade them to wash and eat their dinner The
repetitive structure is supportive of children learning new words and the illustrations work well alongside the text to help
understanding of unfamiliar words I can easily imagine young children demanding repeat readings and enjoying learning the

text by heart as many children do with favourite stories Children learning to make up and write their own stories might well want to write a personalised version using the structure as a prop I think the stories would work well both in the home and in the classroom Review published in The Cass School of Education by Dr Raymonde Sneddon Research Fellow for The Cass School of Education at the University of East London and Honorary Research Fellow of Birkbeck College in the Department of Applied Linguistics SUPPORT The Book of The Animals series is supported recommended by ABRIR UK a Brazilian Association for Educational Projects in the United Kingdom www.abrir.org.uk Website TheBookOfTheAnimals.com
