in the sixteenth and seventeenth centuries And how did it operate in the literary and social world The Project of Prose in
Early Modern Europe and the New World brings together ten essays by leading scholars of the literatures of England Spain
France Italy Portugal and the colonial Americas to answer these questions in wide ranging ways Several of the essays shed
light on landmark prose works of the period some discuss what lesser known writings reveal about the medium others move
between the literary and the non literary to reflect on the medium s intersections with history fiction subjectivity the state
science and other aspects of social and cultural life Overall this 1997 collection will provoke an international reconsideration
