

Animals And Christianity

Charles Birch, Lukas Vischer

Animals And Christianity:

Christianity and the Rights of Animals Andrew Linzey, 2016-03-03 Christian concern about how we treat animals has increased strikingly in recent years More and more Christians are deciding that our attitudes toward animals must change Here is a book that presents for the first time a comprehensive and well argued theological case for the rights of animals and offers a challenging critique of our existing insensitivity toward animal life Everyone who cares about the rights of animals particularly clergy and ministers who are constantly being asked for answers on the issue will welcome this new and important book

Animals and Christianity Andrew Linzey, Tom Regan, 2007-11-01 What does the Christian tradition say about the condition and rights of animals This helpful and timely anthology of selections from the Bible and from the great Christian thinkers of all times is an essential primer for those who care about animals The book is organized around four themes Attitudes to Creation the Problem of Pain the Question of Animal Redemption and Reverence Responsibilities and Rights and concludes with a section on practical issues Animal Experimentation Fur Trapping Hunting for Sport Intensive Farming and Killing for Food This book includes selections from the following the Bible St Thomas Aquinas St Augustine Karl Barth St Bonaventure John Calvin Rene Descartes Austin Farrer John Hick St Irenaeus St John of the Cross C S Lewis St Thomas More E F Schumacher Albert Schweitzer Paul Tillich Leo Tolstoy Alec Vidler John Wesley and others

Creatures of the Same God Andrew Linzey, 2009 I don't know why you're spending all your time on this They're only animals for heaven's sake That was the reaction of one of Andrew Linzey's fellow students at King's College London when he was studying theology in the 1970s Since then the now Rev Dr Andrew Linzey has been arguing that animals aren't only anything but rather that they matter to God and should do so to us In this collection of essays Linzey counters with his customary wit erudition and insight some contemporary and perhaps surprising challenges to animal rights from ecotheologians the Church and politicians He contends that far from the sometimes shallow judgments of those who think animals unworthy of theological consideration the Christian tradition has a wellspring of sources and resources available to taking animals seriously Instead of being marginal to the Christian experience Linzey concludes animals can take their rightful place alongside human beings as creatures of the same God There is a long forgotten spiritual tradition that two children both named Jesus were born in Bethlehem to two sets of parents named Joseph and Mary This tradition is supported by the different accounts of the nativity and life of Jesus Christ in the gospels of Matthew and Luke Although the Church chose to ignore this tradition something of it survived in early Christian art and symbolism The full tradition was preserved only in the literature of esoteric sects such as Gnosticism which remained outside the official teachings of institutionalized Christianity

Good News for Animals? Charles R. Pinches, Jay B. McDaniel, 2008-05-01 In Good News for Animals fifteen men and women debate the ambiguous legacy of Christian approaches to animals and their well being The book is structured by four questions What has been said about animals in the past What is being said about animals today How should Christians

respond to current concerns about animals Contributors Carol Adams John Berkman Richard M Clugston John B Cobb Jr Gary Comstock George Frear William French Stanley Hauerwas L Shannon Jung Andrew Linzey Theodore Walker Tom Regan Rosemary Radford Ruether Animals and their importance in the Bible Sandra Kochan,2007-03-29 Seminar paper from the year 2007 in the subject American Studies Miscellaneous grade 1 7 University of Constance Universit t Konstanz course Another Anthropology Visual and textual Representations of Animals ethical and aesthetical perspectives language English abstract God is the creator of everything He breathed life into animals and man and made them living souls The Lord is good to everyone He showers compassion on all His creation Psalm 145 9 God created man and animals according to His infinite love and wisdom God values everything He created including animals and He wants only the best for them In the beginning God created the heavens and the earth and He was pleased with all He made But He wanted more He wanted relationship and fellowship His desire to pour out and receive love in return remained unfulfilled So He decided to create animals and man God created animals before he created man and placed them in the perfect serenity that was then earth He has breathed the same breath of life into all living beings from the beginning of time through today *Animals on the Agenda* Andrew Linzey,Dorothy Yamamoto,1998 This encyclopaedic volume is the most comprehensive collection of original studies on animals and theology every published With contributors from both sides of the Atlantic it tackles many apparently simple issues which raise fundamental questions about theology and how it is done *A Communion of Subjects* Paul Waldau,Kimberley Christine Patton,2006-12-19 A Communion of Subjects is the first comparative and interdisciplinary study of the conceptualization of animals in world religions Scholars from a wide range of disciplines including Thomas Berry cultural history Wendy Doniger study of myth Elizabeth Lawrence veterinary medicine ritual studies Marc Bekoff cognitive ethology Marc Hauser behavioral science Steven Wise animals and law Peter Singer animals and ethics and Jane Goodall primatology consider how major religious traditions have incorporated animals into their belief systems myths rituals and art Their findings offer profound insights into humans relationships with animals and a deeper understanding of the social and ecological web in which we all live Contributors examine Judaism Christianity Islam Hinduism Buddhism Jainism Daoism Confucianism African religions traditions from ancient Egypt and early China and Native American indigenous Tibetan and Australian Aboriginal traditions among others They explore issues such as animal consciousness suffering sacrifice and stewardship in innovative methodological ways They also address contemporary challenges relating to law biotechnology social justice and the environment By grappling with the nature and ideological features of various religious views the contributors cast religious teachings and practices in a new light They reveal how we either intentionally or inadvertently marginalize others whether they are human or otherwise reflecting on the ways in which we assign value to living beings Though it is an ancient concern the topic of Religion and Animals has yet to be systematically studied by modern scholars This groundbreaking collection takes the first steps toward a meaningful analysis **The Status of Animals in the**

Christian Religion ... With Marginal Drawings by Fougasse Charles Westley HUME,1957 [A Faith Embracing All Creatures](#) Tripp York,Andy Alexis-Baker,2012-11-09 What is the purpose of animals Didn t God give humans dominion over other creatures Didn t Jesus eat lamb These are the kinds of questions that Christians who advocate compassion toward other animals regularly face Yet Christians who have a faith based commitment to care for other animals through what they eat what they wear and how they live with other creatures are often unsure how to address these biblically and theologically based challenges In *A Faith Embracing All Creatures* authors from various denominational national ethnic and cultural backgrounds wrestle with the text theology and tradition to explain the roots of their desire to live peaceably with their nonhuman kin Together they show that there are no easy answers on what the Bible says about animals Instead there are nuances and complexities which even those asking these questions may be unaware of Editors Andy Alexis Baker and Tripp York have gathered a collection of essays that wrestle with these nuances and tensions in Scripture around nonhuman animals In so doing they expand the discussion of nonviolence peacemaking and reconciliation to include the oft forgotten other members of God s good creation **Animal Gospel** Andrew Linzey,2000-01-01 Our treatment of animals is a gospel issue Andrew Linzey contends because those individuals and institutions that could have become the voice of God s most vulnerable creatures have instead justified cruelty and oppression He offers an inspiring personal account of the gospel truths that have sustained his commitment to the cause of animals for more than twenty five years *Compassion for Animals* Andrew Linzey,2017-05-16 Comprising a rich variety of quotations from some of the greatest thinkers in the Christian tradition this new anthology will encourage a more sensitive and compassionate regard for the animal creation Suitable for use by groups or individuals *Compassion for Animals* will become a valuable resource for discussion and worship whether in church in school or in the home *Animals, Gods and Humans* Ingvild Saelid Gilhus,2006-09-27 Consulting a wide range of key texts and source material *Animals Gods and Humans* covers 800 years and provides a detailed analysis of early Christian attitudes to and the position of animals in Greek and Roman life and thought Both the pagan and Christian conceptions of animals are rich and multilayered and Ingvild Saelid Gilhus expertly examines the dominant themes and developments in the conception of animals Including study of biographies of figures such as Apollonius of Tyana natural history the New Testament via Gnostic texts the church fathers and from pagan and Christian criticism of animal sacrifice to the acts of martyrs the source material and detailed analysis included in this volume make it a veritable feast of information for all classicists **Animals and Christianity** Lisa Kemmerer,2022-04-02 In what ways does Christianity call people to a life of compassion peace and service and how does this matter to animals the earth and what we choose to eat What do sacred stories and religious leaders teach about how to live our daily lives and how is this shaping the lives of Christian activists Enriched with thoughtful and inspiring quotes this concise and well written book answers all of these questions and many more *Animals and Christianity* is part of a book series created by Tapestry as part of the in progress *Animals and*

Religion Website animalsandreligion.org Each book in this series explores ethics and rightful relations with animals as outlined in one of the world's largest religions highlighting core sacred teachings such as compassion humility service and simplicity inspiring spiritual integrity and helping to work toward a more peaceful and compassionate world Holy Dogs and Asses Laura Hobgood-Oster, 2008 Recognizing animals in the Christian tradition Living with the Animals Charles Birch, Lukas Vischer, 1997 Two thoughtful ecumenists a scientist and a theologian reflect on our relationship to animals in the light of the biblical testimony an inclusive theology of creation and Christian ethics as well as ecological concerns and scientific insights into the consciousness behaviour and suffering of animals **Animal Rites** Andrew Linzey, 2015-06-23 Christians believe that the logos is the source of all life yet Christian worship remains unashamedly human centric The world of creation and animals in particular is almost invisible in our worship The churches do not have the liturgical means of celebrating the life of animals giving thanks for their companionship praying for the relief of their suffering or marking their death This unique book provides a variety of liturgies that are animal friendly and animal inclusive They include services in celebration of animal companionship services for animal welfare healing liturgies new eucharistic prayers for the whole creation and animal burial services Underlying all these new forms is a serious theological purpose to help us to draw deeper into the mystery of God's work in creation and to affirm other sentient beings as co-creatures with us **Animals and Religion** Dave Aftandilian, Barbara R. Ambros, Aaron S. Gross, 2024-02-06 What do animals other than human animals have to do with religion How do our religious ideas about animals affect the lives of real animals in the world How can we deepen our understanding of both animals and religion by considering them together Animals and Religion explores how animals have crucially shaped how we understand ourselves the other living beings around us and our relationships with them Through incisive analyses of religious examples from around the world the original contributions to this volume demonstrate how animals have played key roles in every known religious tradition whether as sacred beings symbols objects of concern fellow creatures or religious teachers And through our religious imagination ethics and practices we have deeply impacted animal lives whether by domesticating sacrificing dominating eating refraining from eating blessing rescuing releasing commemorating or contemplating them Drawing primarily on perspectives from religious studies and Christian theology augmented by cutting edge work in anthropology biology philosophy and psychology Animals and Religion offers the reader a richer understanding of who animals are and who we humans are Do animals have emotions Do they think or use language Are they persons How we answer questions like these affects diverse aspects of religion that shape not only how we relate to other animals but also how we perceive and misperceive each other along axes of gender race and disability Accessibly written and thoughtfully argued Animals and Religion will interest anyone who wants to learn more about animals religion and what it means to be a human animal *On God and Dogs* Stephen H. Webb, 1998-01-15 Many of us keep pet animals we rely on them for companionship and unconditional love For some people their closest relationships may be with their pets In

the wake of the animal rights movement some ethicists have started to re examine this relationship and to question the rights of humans to own other sentient beings in this way In this engaging and thought provoking book Stephen Webb brings a Christian perspective to bear on the subject of our responsibility to animals looked at through the lens of our relations with pets especially dogs Webb argues that the emotional bond with companion animals should play a central role in the way we think about animals in general and against the more extreme animal liberationists defends the intermingling of the human and animal worlds He tries to imagine what it would be like to treat animals as a gift from God and indeed argues that not only are animals a gift for us but they give to us we need to attend to their giving and return their gifts appropriately Throughout the book he insists that what Christians call grace is present in our relations with animals just as it is with other humans Grace is the inclusive and expansive power of God s love to create and sustain relationships of real mutuality and reciprocity and Webb unfolds the implications of the recognition that animals too participate in God s abundant grace Webb s thesis affirms and persuasively defends many of the things that pet lovers feel instinctively that their relationships with their companion animals are meaningful and important and that their pets have value and worth in themselves in the eyes of God His book will appeal to a broad audience of thoughtful Christians and animal lovers *Animals and World Religions* Lisa Kemmerer, 2012-01-19 Despite increasing public attention to animal suffering human beings continue to exploit billions of animals in factory farms medical laboratories and elsewhere This wide ranging study shows how spiritual teachings in seven major religious traditions can help people consider their ethical obligations towards other creatures **Animal Theology** Andrew Linzey, 1995 Animal rights is animal theology The author argues that historical theology creatively defined must reject humanocentricity He questions the assumption that if theology is to speak on this issue it must only do so on the side of the oppressors His theological query investigates not only the abstractions of theory but also the realities of hunting animal experimentation and genetic engineering He is an important pioneering Christian voice speaking for those who cannot speak for themselves

Thank you unconditionally much for downloading **Animals And Christianity**. Most likely you have knowledge that, people have seen numerous times for their favorite books afterward this Animals And Christianity, but end in the works in harmful downloads.

Rather than enjoying a fine book subsequently a mug of coffee in the afternoon, on the other hand they juggled next some harmful virus inside their computer. **Animals And Christianity** is straightforward in our digital library an online entrance to it is set as public in view of that you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency times to download any of our books bearing in mind this one. Merely said, the Animals And Christianity is universally compatible subsequent to any devices to read.
