overlooked This volume attempts to hear the individual speech of declaimers by focusing on two speakers Arellius Fuscus rhetor to Ovid and Papirius Fabianus teacher of the younger Seneca A key organizing principle informing both the collection and the practice of declamation was the shared locus a short passage defined by verbal and argumentative ingredients that gained currency among declaimers Study of the operation of the shared locus carries several advantages 1 we appreciate distinctions between declaimers 2 we recognize shared passages as a medium of communication and 3 the shared locus emerges as a community resource explaining deep seated connections between declamation and literary works The Gendered 'I' in Ancient Literature Lisa Cordes, Therese **Museum Catalogue of printed Books** ,1896 Fuhrer, 2022-10-24 Considering the ubiguity of rhetorical training in antiquity the volume starts from the premise that every first person statement in ancient literature is in some way rhetorically modelled and aesthetically shaped Focusing on different types of Greek and Latin literature poetry and prose from the Archaic Age to Late Antiquity the contributions analyse the use and modelling of gender specific elements in different types of first person speech be it that the speaker is represented as the author of a work be it that they feature as characters in the work narrating their own story or that of others In doing so they do not only offer new insights into the rhetorical strategies and literary techniques used to construct a gendered I in ancient literature They also address the form and function of first person discourse in classical literature in general touching on fields of research that have increasingly come into focus in recent years such as authorship studies studies concerning the ancient notion s of the literary persona as well as a historical narratology that discusses concepts such as the narrator or the literary character in ancient literary theory and practice Bibliographical Clue to Latin Literature. Edited After Dr E. H. [i.e. His "Grundriss Zu Vorlesungen Über Die Römische Litteraturgeschichte."] With Large Additions, by J. E. B. Mayor Emil HUEBNER (of the University of Berlin.),1875 American Journal of Philology, 1889 The Suasoriae of Seneca the Elder Lucius Annaeus Seneca. Seneca the Elder and His Rediscovered >Historiae ab initio bellorum civilium Maria Chiara Scappaticcio, 2020-06-08 The refreshed insights into early imperial Roman historiography this book offers are linked to a recent discovery In the spring of 2014 the binders of the archive of Robert Marichal were dusted off by the ERC funded project PLATINUM ERC StG 2014 n 636983 in response to Tiziano Dorandi's recollections of a series of unpublished notes on Latin texts on papyrus Among these was an in progress edition of the Latin rolls from Herculaneum together with Marichal's intuition that one of them had to be ascribed to a certain Annaeus Seneca PLATINUM followed the unpublished intuition by Robert Marichal as one path of investigation in its own research and work Working on the Latin P Herc 1067 led to confirm Marichal's intuitions and to go beyond it P Herc 1067 is the only extant direct witness to Seneca the Elder's Historiae Bringing a new and important chapter of Latin literature arise out of a charred papyrus is significant. The present volume is made up of two complementary sections each of which contains seven contributions They are in close dialogue with each other as looking at the same literary matter from several points of view

yields undeniable advantages and represents an innovative and fruitful step in Latin literary criticism These two sections express the two different but interlinked axes along which the contributions were developed On one side the focus is on the starting point of the debate namely the discovery of the papyrus roll transmitting the Historiae of Seneca the Elder and how such a discovery can be integrated with prior knowledge about this historiographical work On the other side there is a broader view on early imperial Roman historiography to which the new perspectives opened by the rediscovery of Seneca the Elder's Historiae greatly contribute The Declamations of Calpurnius Flaccus Calpurnius Flaccus, 2018-07-17 The excerpts from the Declamations of Calpurnius Flaccus 2nd century A D are one of our major sources of knowledge concerning controversiae model court speeches on fictitious themes These formed the focus of Roman higher education and therefore had an enormous effect on Latin literary style and content from the late Republic on They also contain important indirect evidence for contemporary social history This book provides a general introduction to the work a new Latin text plus the first English translation and only full modern commentary The latter discusses the legal background and origins of the cases points at issue textual problems and matters of Latin style The volume will therefore be of interest to students of classical rhetoric education history and philology The Spaniards in Rome (Routledge Revivals) Ernest Weinrib, 2014-08-07 The Spaniards in Rome From Marius to Domitian first published in 1990 examines the expansion and revitalisation of the Roman aristocracy in the later Republic and early Empire focusing specifically on the political careers of men from the provinces of the Iberian Peninsula The indigenous peoples of Spain were renowned in antiquity for the steadfastness of their personal loyalties Clientela the specifically Roman practice of official patronage was a prize worth striving for by a Roman aristocrat in the Iberian Peninsula and propelled many men of property into the political life of the capitol Against the general background of an increasingly influential Spanish presence in Rome Professor Weinrib provides an intensive examination of aristocratic retrenchment during the most turbulent decades of the first century BC and the consolidation of the empire Detailed investigation of sources and elaborate argumentation are combined to illuminate that process with special reference to prominent Spanish personalities The Cambridge Companion to Seneca Shadi Bartsch, Alessandro Schiesaro, 2015-02-16 This Companion examines the complete works of Seneca in context and establishes the importance of his legacy in Western thought Catalogue of the Library of the Peabody Institute of the City of Baltimore, 1883

Roman sexuality using categories of sexual ethics drawn from contemporary Western society In this 2006 book Dr Langlands seeks to move away from these towards a deeper understanding of the issues that mattered to the Romans themselves and the ways in which they negotiated them by focusing on the untranslatable concept of pudicitia broadly meaning sexual virtue She offers a series of nuanced close readings of texts from a wide spectrum of Latin literature including history oratory love poetry and Valerius Maximus work Memorable Deeds and Sayings Pudicitia emerges as a controversial and unsettled topic at the heart of Roman debates about the difference between men and women the relation between mind and body and the ethics of power and status differentiation within Roman culture The book develops strategies for approaching the study of an ancient culture through sensitive critical readings of its literary productions
