Annaeva Bergman Liv Og Verkvie Et Oeuvre:

Luminous Lives Thomas Schlessner, 2023-07-04 Long neglected by art historians Anna Eva Bergman 1909 87 was a painter of major importance who invested her work with an almost mystical ambition The story of her life told for the first time in this meticulously researched biography is extraordinary a Norwegian childhood that was constantly overshadowed by fear a bohemian and adventurous youth that spanned much of Europe a career as an illustrator encounters in Nazi Germany increasingly severe health problems three marriages two of which were to the same man Bergman s fellow artist Hans Hartung and a tragic end in the splendour of their villa in Antibes But above all Bergman s was a life dedicated to creation often in defiance of fashion Only recently has the scale of her achievement begun to be adequately acknowledged Bergman undoubtedly enjoyed a distinguished career crossing paths with such key artists as Wassily Kandinsky Pierre Soulages and Mark Rothko In many respects however she remained a marginal figure little known in her homeland and championed by only a handful of allies in France and the rest of Europe Characterised by the use of gold and silver leaf and by the remarkable rhythm of her lines Bergman s paintings are hieratic and simplified radical evocations of the great structuring forces of the universe minerals the elements and even time itself Thomas Schlessner s biography which draws upon the considerable body of written material that Bergman left behind at long last enables us to understand the creator of these magnificent works in all the complexity of her character and the dramatic circumstances of her life **El món i la Menorca**
