and when Annie is asked out on a smart date by the landlord's son Peter Barrett suggesting Lil come along to make up a foursome. But it is a shock when Lil gets on famously with Peter's swanky friend Julian whilst Annie feels much less sure of the smooth Peter. Soon Lil is busy earning money from pub singing spots set up for her by Julian and Annie no longer needed by her friend feels more isolated than ever. It is then that she notices shy Will Hobbs from Fisher's engineering works. Before long Annie and Will are engaged with plans for a home of their own in Surrey. But a dreadful accident at Fisher's and the looming shadow of World War II mean that life for Annie of Albert Mews is not so predictable or secure as she once thought it was. What readers are saying about Annie of Albert Mews: Another brilliant Dee Williams book once again I found it hard to put down. The story twists throughout keeping you hooked and eager to find out what happens next. A really good book to curl up with and lose yourself in. As always the reader empathises with the main characters right from the start but there are many layers to this story and it spans the traumatic period of the Second World War. There are many twists and turns throughout to keep the reader in suspense.

Desegregating Desire Tyler T. Schmidt, 2013-08. A study of race and sexuality and their interdependencies in American literature from 1945 to 1955. Desegregating Desire examines the varied strategies used by eight American poets and novelists to integrate sexuality into their respective depictions of desegregated places and emergent identities in the aftermath of World War II. Focusing on both progressive and conventional forms of cross-race writing and interracial intimacy the book is organized around four pairs of writers. Chapter one examines reimagined domestic places and the ambivalent desires that define them in the southern writing of Elizabeth Bishop and Zora Neale Hurston. The second chapter focused on poets Gwendolyn Brooks and Edwin Denby analyzes their representations of the postwar American city representations which often transpose private desires into a public imaginary. Chapter three explores how insular racial communities in the novels of Ann Petry and William Demby were related to non-normative sexualities emerging in the early Cold War. The final chapter focused on damaged desires considers the ways that novelists Jo Sinclair and Carl Offord relocate the public traumas of desegregation with the private spheres of homes and psyches. Aligning close textual readings with the segregated histories and interracial artistic circles that informed these Cold War writers this project defines desegregation as both a racial and sexual phenomenon one both public and private. In analyzing more intimate spaces of desegregation shaped by regional familial and psychological upheavals after World War II Tyler T. Schmidt argues that queer desire understood as same-sex and interracial desire redirected American writing and helped shape the Cold War era's integrationist politics.
