## Annie Angel:

Annie's Angel Jim Lawrence, 2000-09-19 Uptown Chicago in November 1963 is a brutal place for the James Allen McCrees of Letcher County Kentucky After migrating from the depleted coal fields in search of a better life father mother and three children have struggled for two years to make ends meet in a run down area known derisively as Hillbilly Land finding solace only in the songs of their Southern mountain heritage Now however as James Allens illness worsens his wife Mavis June must take more and more on herself if the family is to survive These are the desperate circumstances in which 14 year old Annie Mae McCree is forced to grow up and to complete her journey from girlhood to womanhood When her mother passes on to her a folk belief in a guardian angel Annie dares to hope that she and her family will be under his protection However one shattering personal tragedy after another fractures that innocent faith and forces her on a painful spiritual quest of her own Along the way she learns much about who she is experiences the power of first love and finds out a thing or two about angels most importantly that they often arent who or what you expect them to be and most of the time they rarely look like angels at all

*Object Choice* Klaus Theweleit, 1994-05-17 Whom do we choose when we fall in love How do we make the love object into what we want These are questions which only became important at the end of the nineteenth century as Freud began to formulate a new discipline which would be called psychoanalysis Freud argues Klaus Theweleit was the first theoretician of the new situation boy versus girl in the world series of love Theweleit looks at a number of relationships Alfred Hitchcock and Alma Reville the triangle of Hannah Arendt Martin Heidegger and Elfriede Heidegger Jung and Sabina Spielrein But the key figure is Freud himself Who would who could Freud choose As it happened Freud proposed to Martha Bernays The 1 500 letters of Freud's courtship became something like the first psychoanalysis without knowing it Martha Bernays became an analytic instance But *Object Choice* is not only a study of the founder of psychoanalysis it is also an illuminating lexicon of love in the twentieth century Freud is accompanied here by Jimi Hendrix the Kinks and the Velvet Underground Like Theweleit's *Male Fantasies* this is a collage book mixing auto biography theory and pop culture and always haunted by history above all the history of Nazism As an epilogue Theweleit brings Freud back to the scene of his courtship and the Beatles back to Hamburg in an exploration of that city's Wandsbek district once home to an important Jewish community His comments on the transformations and destruction that Wandsbek has endured form an elegiac tribute to German Jewry and a powerful conclusion to this remarkable book
