Accounting for Ethnic and Racial Diversity Patrick Simon, Victor Piché, 2013-08-21 By the end of the 20th century the ethnic question had resurfaced in public debate Every country had been affected by what is commonly known as cultural pluralism as a result of conflicts interpreted from an ethnic perspective for instance in the Balkans and central Africa nationalist struggles such as the Basque country Quebec and Belgium and demands for recognition and political representation by new ethnic minorities This resurgence or extension of the salience of ethnicity in most of the societies around the world can now be found not only in public discourse policy making scientific literature and popular representation but also in the pivotal realm of statistics This volume explores the ethnic and racial classification in official statistics as a reflection of the representations of population and as an interpretation of social dynamics through a different lens Spanning all continents a wide range of international authors discuss how ethnic and racial classifications are built their lack of accuracy and their contribution to the representation of ethnic and racial diversity of multicultural societies This book was originally published as a special issue of Ethnic and Racial Studies

[ECKM2014-Proceedings of the 15th European conference on Knowledge Management](#) Carla Vivas, 2014-10-01 The world economy in which we are living poses challenges that lead to a realization that more of the same will be difficult to sustain This provides an illustration that in order to create new or modified knowledge practices strengthen customer relationships and thus positively influence customer satisfaction organizations must be flexible in configuring combining knowledge and knowledge structures in a way that is appropriate for delivering value to the customer It must simultaneously develop effective strategies for updating the knowledge of its staff members necessary for underpinning the creation and delivery of appropriate knowledge services Thus unlearning forgetting becomes a critical means for organizational success The ECKM community of scholars has already initiated dialogue that links its particular strengths to innovation issues This conference aims to further that dialogue by attracting leading edge work that leverages the ECKM community's in depth understanding of learning and unlearning to better understand knowledge management Our aim is to stimulate breakthrough research streams linking learning unlearning and knowledge management How can organizations tailor use and extend techniques and tools from knowledge management for improving their business practices and processes Building upon existing work on knowledge management KM and organizational learning the conference will promote interdisciplinary approaches from computer science and information systems business management and organization science as well as cognitive science Emphasis will be put on systematic learning from experience KM tools and KM success factors A special interest belongs to knowledge management

initiatives which are lightweight i.e. do not place considerable additional burden on users and KM experts allow an incremental adoption i.e. do not require large up front investment before any return of investment is at least visible and are flexible regarding frequent changes in experts and topics Continuing the success of the ECKM conference series since 2000 the 2015 conference will provide an international communication forum bringing together academia and industry for discussing the progress made and addressing the challenges faced by continuous learning in knowledge intensive organizations

The Rise and Fall of Japan's LDP Ellis S. Krauss,Robert J. Pekkanen,2011-06-15 After holding power continuously from its inception in 1955 with the exception of a ten month hiatus in 1993 1994 Japan s Liberal Democratic Party LDP lost control of the national government decisively in September 2009 Despite its defeat the LDP remains the most successful political party in a democracy in the post World War II period In The Rise and Fall of Japan s LDP Ellis S Krauss and Robert J Pekkanen shed light on the puzzle of the LDP s long dominance and abrupt defeat Several questions about institutional change in party politics are at the core of their investigation What incentives do different electoral systems provide How do politicians adapt to new incentives How much does structure determine behavior and how much opportunity does structure give politicians to influence outcomes How adaptable are established political organizations The electoral system Japan established in 1955 resulted in a half century of one party democracy But as Krauss and Pekkanen detail sweeping political reforms in 1994 changed voting rules and other key elements of the electoral system Both the LDP and its adversaries had to adapt to a new system that gave citizens two votes one for a party and one for a candidate Under the leadership of the charismatic Koizumi Junichiro the LDP managed to maintain its majority in the Japanese Diet but his successors lost popular support as opposing parties learned how to operate in the new electoral environment Drawing on the insights of historical institutionalism Krauss and Pekkanen explain how Japanese politics functioned before and after the 1994 reform and why the persistence of party institutions factions PARC koenkai and the transformed role of party leadership contributed both to the LDP s success at remaining in power for fifteen years after the reforms and to its eventual downfall In an epilogue the authors assess the LDP s prospects in the near and medium term

Queer Festivals Konstantinos Eleftheriadis,2025-10-01 To what extent is queer anti identitarian And how is it experienced by activists at the European level At queer festivals activists artists and participants come together to build new forms of sociability and practice their ideals through anti binary and inclusive idioms of gender and sexuality These ideals are moreover channelled through a series of organisational and cultural practices that aim at the emergence of queer as a collective identity Through the study of festivals in Amsterdam Berlin Rome Copenhagen and Oslo Queer Festivals Challenging Collective Identities in a Transnational Europe thoughtfully analyses the role of activist practices in the building of collective identities for social movement studies as well as the role of festivals as significant repertoires of collective action

and sites of identitarian explorations in contemporary Europe *Annual Review of Anthropology*, 1972 Annual compilation of critical articles from all areas of the discipline of anthropology *Responses to Stigmatization in Comparative Perspective* Michèle Lamont, Nissim Mizrachi, 2013-09-13 Multiculturalism and diversity have raised a number of challenges for liberal democracy not least the stigmatization of people in response to these developments In this book leading experts from a range of disciplines look at the responses to stigmatization from the perspectives of ordinary people They use a range of case studies drawn from the US Brazil Canada France Israel South Africa and Sweden the first systematic qualitative and cross national exploration of how diverse minority groups respond to stigmatization in the course of their everyday lives The chapters in this book tackle a range of theoretical questions about stigmatization including how they make sense of their experiences how they shape subsequent behaviour and how they negotiate and transform social and symbolic boundaries within a range of social and institutional contexts *Responses to Stigmatization in Comparative Perspective* provides new data and analysis of how stigmatization affects a range of societies and its original research and analysis will be important reading for those studying Ethnicity as well as Sociologists Political Scientists and Anthropologists This book was originally published as a special issue of *Ethnic and Racial Studies* **Women, Migration and Citizenship** Alexandra Dobrowolsky, 2016-02-17 Given the recent and rapid changes to migration patterns and citizenship processes this volume provides a timely compelling empirical and theoretical study of the gendered implications of such developments More specifically it draws out the multiple connections between migration and citizenship concerns and practices for women The collection features original research that examines women's diverse immigrant and refugee experiences and exposes how gender ideologies and practices organize migrant citizenship in its various dimensions at the local national and transnational levels The volume contributes to theoretical debates on gender migration and citizenship and provides new insights into their interrelation It includes rich case studies that range from the Philippines and Somalia to the Caribbean and from Australasia to Canada and Britain Designed to have a multidisciplinary appeal it is suitable for courses on migration diversity gender race ethnicity law and public policy comparative politics and international relations **Conceptualizing Terrorism** Anthony Richards, 2015 *Conceptualising Terrorism* argues that while there have always been good reasons for striving for a universally agreed definition of terrorism there are further reasons for doing so in the post 9/11 environment notwithstanding the formidable challenges that confront such an endeavour *Annual Review of Political Science*, 2009 The mission of *Annual Review of Political Science* is to provide systematic periodic examinations of the field through critical authoritative reviews The comprehensive critical review not only summarizes a topic but also roots out errors of fact or concept and provokes discussion that will lead to new research activity Each review contains title author's key words abstracts review and bibliography **Active Ageing** Andrea Principi, Per H. Jensen, Giovanni Lamura, 2014 Active ageing has become a key phrase in the discourses about healthy aging processes and one important way that it has been achieved in Europe is through

the engagement of older people in volunteer work Active Ageing offers a much needed compendium of research on volunteerism among seniors Ranging across eight European countries the contributors highlight how different levels in the structure of volunteering from local to national interact and how these interactions either facilitate or hinder seniors inclusion in voluntary work They go on to offer policy suggestions for a more integrated strategy that can better support this unique group of volunteer workers
