Sex Research and Sex Therapy Ross Morrow, 2013-06-17
Gynaecologist William Howell Masters and psychologist Virginia Eshelman Johnson pioneered research into the nature of human sexual response and the diagnosis and treatment of sexual disorders and dysfunctions from 1957 until the 1990s This book examines their influential scientific sex research and its groundbreaking implications for sex therapy and the study of human sexuality Until now these developments have been largely ignored in sociology The book illuminates how Masters and Johnson have constructed their apparently scientific ideas about sexual function and dysfunction with reference to dominant Western discourses about sexuality In addition the book will explore some of the wider theoretical conceptual and historical

issues relating to the study of human sexuality These will include a critical evaluation of conventional accounts of the history of the sociology of sex particularly in the United States major theoretical frameworks used in the study and understanding of human sexuality and some of the key concepts underpinning sex research and sex therapy

A Guide To Treatments that Work Peter Nathan, Jack M. Gorman, 2002-01-18 A fully revised and updated edition of this unique and authoritative reference The award winning A Guide to Treatments that Work published in 1998 was the first book to assemble the numerous advances in both clinical psychology and psychiatry into one accessible volume It immediately established itself as an indispensable reference for all mental health practitioners Now in a fully updated edition A Guide to Treatments that Work Second Edition brings together once again a distinguished group of psychiatrists and clinical psychologists to take stock of which treatments and interventions actually work which don't and what still remains beyond the scope of our current knowledge The new edition has been extensively revised to take account of recent drug developments and advances in psychotherapeutic interventions Incorporating a wealth of new information these eminent researchers and clinicians thoroughly review all available outcome data and clinical trials and provide detailed specification of methods and procedures to ensure effective treatment for each major DSM IV disorder As an interdisciplinary work that integrates information from both clinical psychology and psychiatry this new edition will continue to serve as an essential volume for practitioners of every kind psychiatrists psychologists clinical social workers counselors and mental health consultants

Seminars in General Adult Psychiatry George Stein, Greg Wilkinson, 2007-04 This second edition of Seminars in General Adult Psychiatry provides a highly readable and comprehensive account of modern adult psychiatry Key features of the first edition that have been retained are the detailed clinical descriptions of psychiatric disorders and historical sections to give the reader access to the classic studies of psychiatry as well as the current evidence Additional topics covered here for the first time include liaison psychiatry psychosexual medicine clinical epidemiology and international and cultural psychiatry Clinical management is given due prominence with extensive accounts of modern drug management cognitive therapy the main psychosocial approaches and current guidelines such as those published by the National Institute for Health and Care Excellence An essential text for trainees studying for their MRCPsych this book is also a one stop reference work for established practitioners providing comprehensive coverage of the whole of adult psychiatry

Religious Responses to Sex Work and Sex Trafficking Lauren McGrow, 2022-08-01 This book examines the history theological beliefs and current contextual practices of faith based NGOs who work in the area of human trafficking that involves the sex industry There are hundreds of religious organizations around the globe who minister with human trafficking survivors and sex workers but what is really happening on the ground and how do theological beliefs support a faith based response Many of these groups represent their work as a cosmic battle against evil forces yet important structural critiques are ignored in the urgency to rescue women and children Using perspectives from both NGO staff and sex workers an interdisciplinary panel of

contributors examine specific organizations highlight marginalized voices and analyze undergirding methodologies In doing so the authors provide clear critiques and establish best practice guidelines for faith based NGOs and future religious leaders affirming an intersection of justice based upon critical reflection and careful action This book addresses with nuance an important topic that is often over simplified It will therefore be of great interest to scholars studying the interaction of religion to sex work and human trafficking as well as academics of religious studies and theology more generally
