back and forth between lawyered up opponents and Jarad's slow and horrific decline at his worst weighing a mere forty six pounds at age twelve and only weeks from death This book is about a Canadian national health tragedy but it is also a story that crosses borders to anywhere bureaucrats decide how taxpayer dollars will be spent at the expense of public safety It's an inside look at backroom government failures and cover ups it is also the story of how these failures affected one very sick boy and his family Leslie Sharp invites readers into her home and shares with raw honesty the struggles and triumphs of a family in the face of crisis We watch Leslie and Peter's marriage dissolve We cheer for Leslie when after their divorce she reclaims her health losing over a hundred pounds and moves to Honolulu Hawaii to start over as a small business owner The story ends on a high note reporting that a healthy Jarad Gibbenhuck spent his early twenties living in Whistler Village British Columbia where he worked for a snowboard outfitter and competed in snowboarding competitions This year Jarad turned thirty and moved to Vancouver Island British Columbia where he works at a surf and skate shop A New
