Why exclusive breastfeeding is so beneficial. How you can reduce crying, colic, food allergy, and illness in your baby. What you can do to optimize your child's nutrition and avoid the ADHD, colitis, diabetes, osteoporosis, and obesity now epidemic in the U.S. How you can raise securely bonded children more likely to become responsive teenagers and emotionally healthy adults. In a warm and down-to-earth style, *Baby Matters* provides the hard-to-find facts you need to make informed parenting choices for healthier, happier children with brighter futures. Book jacket *Baby Matters* Linda Folden Palmer, 2001. Punk politics and parenting: a guide for moms and dads who want it all. **Mothering Magazine's Having a Baby, Naturally** Peggy O'Mara, 2007-11-01. For more than twenty-five years, *Mothering* magazine has captured an audience of educated women who appreciate its well-informed, chosen approach to parenting. *Having a Baby Naturally* reflects this spirit with straightforward, uncensored information about pregnancy and childbirth, addressing common concerns and questions in a compassionate, nonjudgmental style. Written by Peggy O'Mara, the longtime publisher, editor, and owner of *Mothering* magazine, it synthesizes the best theories and safest practices used in natural childbirth, including recommendations from the World Health Organization, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists. Throughout, O'Mara reinforces her belief that each woman's pregnancy and birth experience is a one-of-a-kind event. She covers such topics as Nutrition, diet, and exercise; Emotional self-awareness during and after pregnancy; A trimester-by-trimester guide to what is happening in your body and your child's Birth choices, offering suggestions, not rules; Pain medication alternatives; Birth locations from hospitals to home birth; Relieving morning sickness with natural remedies; Prenatal testing; Breastfeeding; Prematurity and multiple births; Balancing work and family; The father's role during pregnancy and beyond. Difficult subjects such as birth defects, miscarriages, and postpartum depression are also treated with sensitivity and candor. Finally, a book for the thinking woman who believes in her own inherent capacity to make smart, informed decisions about her pregnancy and birth, just as she makes in other areas of her life. *Having a Baby Naturally* is a celebration of childbirth and an accurate and objective guide to helping women fortify their spirits, develop trust in their bodies, and make the best possible choices to protect their new baby's health. *Wildest Colts Make the Best Horses, The* John Breeding, PH.D. The Publishers Weekly, 2001 **PeeWee Pilates** Holly Jean Cosner, Stacy Malin, 2009-04-28. Though she yearns for her pre pregnancy figure, a new mother has little time to devote to exercise; attending to the needs of a newborn is a full time job. A revolutionary postnatal fitness program, Pee Wee Pilates, gives new mothers what no other fitness program or book has to date: a quick and proven method they can do at home to whip their postpartum body gently back into shape and enrich their babies at the same time. Pilates targets the areas most affected by pregnancy: abdomen, hips, lower back and buttocks, so new moms will get results fast without having to leave homes or carve out huge chunks of time. Simultaneously, because the baby is incorporated into the Pilates movements, women get to enjoy a loving and fun interaction with their babies. Unlike other mother baby fitness programs, however, baby is far more than just a prop; the exercises in Pee Wee Pilates are designed specifically to help foster a little one's development and attachment to mother. Developed by one of New York City's leading Pilates teachers, Pee Wee Pilates promises to be the hot new baby and me exercise program for new mothers everywhere.

Gentle Birth, Gentle Mothering Sarah Buckley, 2013-02-20. An authoritative guide to natural childbirth and postpartum parenting options from an MD who home birthed her own four children. Sarah Buckley might be called a third wave natural birth advocate. A doctor and a mother, she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body. Using current medical and epidemiological research plus women's experiences, including her own, she demonstrates that what she calls undisturbed birth is almost always healthier and safer than high technology approaches to birth. Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship.
