Baby Mother:

I Am Your Baby, Mother Antony Theodore, 2020-12-25 Antony Theodore's most famous poem is I Am Your Baby Mum. It has been translated into more than 20 languages. This deceptively simple yet powerful poem outwardly advocates against abortion of fetuses. This is as per Antony's professed Catholic Christian faith. However, it also has much deeper spiritual meaning. Love for God grows like a fertilised seed in the sanctuary of devotion in the heart of the sincere seeker. Abandonment of spiritual quest before full God realisation is akin to abortion of one's own baby. Therefore, abortion is nothing but abandonment of God. This book contains moving poems on the loving relationship between a mother and her baby. These can also be interpreted as the eternal relationship between God and Man. Just like a mother forgives her child's mistakes, ever merciful God also forgives all sins of His children. When a baby calls out to her mother, she leaves all her urgent tasks to immediately attend to the baby's needs. Similarly, God also readily responds to the sincere seeker's earnest soul call. The book provides a penetrative new interpretation of the universal truths contained in the scriptures of all world religions. The One Truth has been expressed differently through Veda, Bible, Gita, Quran, and other sacred texts. The book has been edited by the Indian poet Dr Tapan Kumar Pradhan, who has also written its introduction in addition to translating several of the poems. The book makes a startling revelation regarding Antony Theodore's extraordinary relationship with the mystic Kashmiri poet scholar Hemangi Sharma. Dr Tapan hints at a definite past life connection with Hemangi Sharma. Antony Theodore *Baby - Mother Natural Healthcare - Natural Diet, Healthcare, and Information for Having a Healthy Baby* Dueep Jyot Singh, John Davidson, 2016-10-01. Table of Contents: Introduction, Natural Nursing, Infant Formula, The First Poison You Are Feeding Your Baby, The Importance of Natural Milk, Lactating Mother's Diet, Colostrum, Conclusion, Prenatal Influence. Author Bio, Publisher Introduction. A healthy happy family unit is one of the most blessed things in society today. This book is the beginning of the series which is going to tell you all about how you can keep yourself healthy naturally and also have a healthy child. I do not care where you are from, your race, denomination, creed, religion, or caste. If you belong to the universal sisterhood of mothers, have had children, and/or have intentions of having children, this book and other books in the series are for you. These books are going to cover the psychological aspect of motherhood with beliefs, conventions, traditions, and also how children have managed to survive naturally even though ignorance in the ancient times and too much knowledge in the 21st century making their existence full of jeopardy. You might find some terms here which in many parts of the world are not spoken in public because of innate modesty and upbringing. You may also be told about some activities which are thoroughly natural but because of conventions or because of brainwashing have been either made taboo or things not to be discussed in general public thanks to inhibitions. We are not living in Victorian times when maidens were told even up to the age of 20 and if they were unmarried that children were found under the Cabbage Patch. This is of course the height of absurdity, foolishness, and repression which was the reason why so many Victorian women could not bear the marriage bed because their mothers had

told them that it was either sinful to enjoy this part of the marital bond or through sheer ignorance and disgust in an activity which it is supposed to be crude they did not allow themselves to take part in the physical aspect of a marriage And that is the reason why their menfolk had mistresses who were more practical common earthy and enjoyed what the missus called bed sport in a prim and prudish fashion These women thus definitely did not have any emotional attachment to their children and once the child was born it was given in the hands of nurses and wet nurses to be brought up far away from the sight of the mother
