Babydoll's Honor Kent D. Walsh,2010-08 Babydoll s Honor will warm your heart With a dog named Nishka a horse named Sneez and a loving nuclear family living simply in a trailer with hopes for a real house someday on 32 acres in rural Washington this story and the author s direct and unassuming style will draw you inexorably under its spell N W Miller Editor WordWise Publications LLC Babydoll s Honor is a fresh and delightful family read There is a connection for every family member Emily Brown Accountant In Babydoll s Honor Kevin Walker is devastated when his loving horse Sneez unexpectedly becomes ill and dies Now faced with keeping and raising Sneez s very special offspring Babydoll Kevin pitches in working hand in hand alongside his parents to earn money during a horrible recession Soon after with Babydoll fully grown and full of fire the two companions overcome a harrowing life or death experience and through it Kevin becomes a man at only fourteen years of age and Babydoll a hero Gaming Masculinity Megan Condis,2018-05-01 In 2016 a female videogame programmer and a female journalist were harassed viciously by anonymous male online users in what became known as GamerGate Male gamers threatened to rape and kill both women and the news soon made international headlines exposing the level of abuse that many women and minorities face when participating in the predominantly male online culture *Gaming Masculinity* explains how the term gamer has been constructed in the popular imagination by a core group of male online users in an attempt to shore up an embattled form of geeky masculinity This latest form of toxicity comes at a moment of upheaval in gaming culture as women people of color and LGBTQ individuals demand broader access and representation online Paying close attention to the online practices of trolling and making memes author Megan Condis demonstrates that despite the supposedly disembodied nature of life online performances of masculinity are still afforded privileged status in gamer culture Even worse she finds that these competing discourses are not just relegated to the gaming world but are creating rifts within the culture at large as witnessed by the direct links between the GamerGate movement and the recent rise of the alt right during the last presidential election Condis asks what this moment can teach us about the performative collaborative and sometimes combative ways that American culture enacts race gender and sexuality She

concludes by encouraging designers and those who work in the tech industry to think about how their work might have purposefully or not been developed in ways that are marked by gender
