Breathe! J. Sharon, 2017-06-17 Be sober be vigilant because your adversary the devil as a roaring lion walketh about seeking whom he may devour 1 Peter 5 8 In order to be sober and vigilant scripture tells us we need to know our enemy The more we know about the wiles of the devil and his minions the easier it is to defeat them The Bible teaches us how to live godly lives It s the devil s job to interfere and to crush the things of God in our lives Jesus was the firstborn of many brethren What made Him different Jesus was an empty vessel that the anointing of God could flow through Jesus never performed a single miracle He said himself in John 5 30 I can of Mine own self do nothing because I seek not Mine own will but the will of the Father which sent Me It was the anointing of God that poured through Jesus that spoke the words of His Father healed the sick and raised the dead After Jesus died the born again new creatures in Christ became the brethren We now are the vessels that the anointing flows through Because of this anointing the devil hates the born again Christian His attacks are unrelenting but as Jesus said in John 17 14 15 I have given them Thy word and the world hath hated them because they are not of the world even as I am not of the world I pray not that Thou shouldest take them out of the world but that Thou shouldest keep them from the evil I pray that this book can give the reader the knowledge needed to rise above the trappings of the world God has so much more planned for his people in the Spirit Step out

**The Rhinoceros of South Asia** Kees Rookmaaker, 2024-04-30 The rhinoceros is an iconic animal Three species once inhabited South Asia two of which disappeared over a century ago This survey aims to reconstruct the historical distribution of these large mammals resulting in new maps showing the extent of their occurrences Thousands of sources varied in time and nature are used to study the interactions between man and rhinoceros The text is supported by over 700 illustrations and 38 maps showing the importance of the rhinoceros in the scientific and cultural fabric of Asia and beyond

**Drama for a New South Africa** David Graver, 1999 a solid addition to international drama Library Journal Going beyond the parameters of conventional literary drama these seven new plays express life issues in post apartheid South Africa Islamic fundamentalism women s rights ecology Afrikaans culture and the new multi racial life

of the inner city While theater rooted in the anti apartheid movement was rich and vibrant it was also singleminded in focus obscuring the diversity of South African culture now brought to life in these works *The Kid that Needed a Pet* Kip N. Willis,2016-12-19 Life for Ronnie Sinclair is not as idyllic as it might be in the quirkily wonderful Oklahoma setting that serves as his home Sure he s got a fantastic family which marvelously expands thanks to his evolving relationships with a bunch of fascinating people He lives in a sprawling ranch house nestled inside fifteen acres of natural wonder with adventures awaiting at every turn And the Arbuckle Wilderness Preserve is in his backyard which is amazing because it positively explodes with opportunities for communion with the animal pals he so adores But there is trouble in Ronnie s life too and it s starting to feel like more than just the garden variety kind of trouble a twelve year old boy might expect to run up against Ronnie is a subject of intense interest for a few neighborhood bullies whose plans for him grow increasingly nefarious as time goes on In short order he finds himself the central figure in a national terror plot that threatens not only him and his family but the country at large At last Ronnie draws strength for facing his ordeals from his faith from his family and from an enormously affectionate pet skunk who recognized his special qualities from the start In the end the lot of them learn a universal lesson about the meaning of love particularly when it s applied to folks you were convinced were your enemies all along **Monkey Tales** John Grice, *Monkey Tales* covers the exciting animal rescue adventures of Monkey Game Ranger on a game reserve in South Africa **Soul of the Rhino** Hemanta Mishra,2009-09-01 This new release is a spirited yet humble account of one man s scientific career and personal journey to save the endangered rhinoceros in his native Nepal For more info go to [souloftherhino.com](http://souloftherhino.com) *The Hanged Man* Sheldon Kopp,1974 *The Forest Wails* Bhaswati Parasar ,2021-07-29 Blending diverse genre elements the book offers an innovative narrative structure to voice the fears and warnings of an apocalyptic end caused by the thoughtless destructions of nature Interfusion of thrilling adventures in the forest tales of romantic dalliances passionate depiction of the splendors of nature and the fine display of the local milieu makes the otherwise serious theme of the book an irresistible read The book poses an unswerving witness of the author of an era in the city of Guwahati and the foreboding dangers that lurks on its people The ceaseless developments done at the costs of the forests the hills and the wet lands are turning us the helpless witness to the clashes of the forest man and the city Bringing within its purview the various ecological concerns combined with the callous thoughtless actions of the political leaders corrupt government official and the ignorance and carelessness of common people the book traces all the nemeses that lead to the annihilation of the ecological balance The emotional fervor the personal appeal the tiny special narratives within the bigger framework of the book the swiping panorama of the city and the beckoning to a nostalgic past of a bygone green era of the narrator gives the book its distinctive flavor *Rick the Rhino* Dr. Ross Gordon Cooper,2015-07-18 Rhino occupy a unique part of the food chain and wide niches in specific ecosystems in which they have developed their own behaviour patterns and interactions with other species They form an essential part of the animal kingdom and their loss would have

significant ramifications for other dependant flora and fauna The large numbers of rhino orphans and the loss of pregnant females are decimating wild rhino populations This decline is mainly due to poaching for their horns that are made of keratin and which have no proven medical benefit to humans Greedy markets in China Vietnam and Yemen and criminal syndicates offer extremely high prices for rhino horn making it more valuable than gold Whilst tackling the poachers head on is essential it is sadly not enough and vigorous education programmes need to be put in place to inform people of the ecological economic aesthetic and touristic value of rhino This book is dedicated to the plight all rhino species face including museum specimens and fossils
