considered the wonders of The New Seven through online voting But before they are called the wonders of the world we are not simply called the wonders of the world to enjoy the beauty It is not an equal thing to make a mere appearance a present day wonder If it is to be called a wonder of the world its subject matter and material vastness must be serious And should be equally important The New Wonders of the World of Sarahu have taken on a similar significance and content The wonders of Sarahu alone are not the same as the look The material content within it is equally important There are so many beautiful things to see in the world There are material things that are natural and man made They are not called the world s greatest Because its material content must be important and profound
