True Love Lives Here David R. Jones, 2022-05-13 True Love Lives Here is a true love story that takes us from two persons who had given up on love as something only found in fairy tales and romantic stories to the heights of true love and beyond David and Sharon were on different roads that through the twists and turns of life had crossed many times but they never realized what God had planned Each having given up on love they both were apprehensive of sharing their lives with another until a series of synchronistic events brought them together With their hope and faith in God they learned to trust then love each other They find that true love is a manifestation of God s love for us Their story takes us through having given up on love to finding their true love to the heights of what true love can be After losing his wife his one and only true love David fought a long battle out of the darkness of despair to find that the brilliant light of true love never ends We pray this book helps you to find hope and faith in God That it helps you to see the love that God gives us in our hearts to never take love for one another for granted To find hope and comfort in even the darkest despair Showing your loved ones never really left That God s love will shine a light to find your way back to the true love you thought was lost The Reality Of Loss Joanne E.

Sullivan, 2010-11-24 The words that are the course of most relationships are life love loss healing hope and happiness Grieving is part of this process We don t get over grief we get through it The loss of a loved one becomes a part of who we are We have to learn how to restructure our lives rather than retreat from life This does not happen in six months or a year it happens over a life time It is a long continuum of joy and hardship What attributes from our loved one will we now make a part of us What lessons have been learned How can we integrate these lessons and apply them to our everyday life Remembering the humor the love the good times as well as the difficult times can help us through days when we are feeling a little lost Often we edit our memories to provide us with the comfort or laughter that we need during this time It is my wish that you will find some healing hope and happiness knowing that others have gone before you not just surviving but are able
