questions she realised had scarcely been asked let alone answered in her own analysis Through her memories her notebooks and by interpreting her own previously discarded drawings and paintings she reaches a point of awareness that they were depicting things she did not know in herself addressing her relationships not only with her son but also with her husband her father and in particular her mother Like many of Milner's earlier books there is a deeply personal quality to *Bothered by Alligators* but it is a quality that transcends the personal and reveals insights and conclusions that will be both interesting and useful to clinicians and fascinating to readers from a psychological a literary an artistic or an educational background and in particular those with an interest in psychoanalysis and autobiography and in Milner's work **Re-thinking**

Lundbom, 2015-03-19 Millions of people recognize the religious painting known as *Head of Christ* of which an estimated five hundred million prints have been sold Very few however

know the artist Warner E Sallmann Sallman's lack of notoriety in professional art circles can be explained by the fact that he made little or no attempt to put himself forward as a Chicago or even a Swedish American artist. He had no exhibitions of his works and his public life consisted largely of appearances before church and community groups to do chalk drawings. More important was his attitude regarding personal fame. Sallman let the Christ he painted be in the foreground while the artist remained in the background. The time has come argues Jack Lundbom for a broader public to know the man who stands behind the painting and the other artwork bearing the Sallman signature. Master Painter is a fascinating story of a gifted man with humble beginnings who overcame disappointment, ill health and personal limitations in order to live out a vision that his art serve not only for the enjoyment of humankind but the practical end of instructing persons in the ways of God. Readers who know the art can now know the artist. It is a story eminently worth telling and one a broad public will be interested to know.
