Harrison, 2000 A professional gambler offers his secrets for winning at all major casino games with tips on betting strategies successful money management and self control under pressure 64 illustrations **Casino Gambling For Dummies** Kevin Blackwood, Swain Scheps, 2022-04-26 Maximize your odds on the casino floor Casinos are designed for distraction so it helps to know a bit about when the odds are in your favor and when they re not before you push a stack of chips onto a table Professional blackjack player Kevin Blackwood and lifelong sports bettor Swain Scheps know a thing or two about casino gambling In *Casino Gambling For Dummies* these seasoned gaming veterans guide you through the essential strategies for walking out of the casino ahead of the game They also show you the most common mistakes made by players helping you avoid gambling risks while you enjoy what the gaming industry has to offer Learn to see past the flashing lights decide how much you re willing to wager and find out how to enjoy yourself In this book you ll also discover Step by step walkthroughs of casino etiquette and the rules of common casino games including poker and blackjack Explanations of video poker and slots and ways to avoid losing more than you re comfortable with Explorations of online gambling so you can enjoy the fun of a casino from the comfort of your home The perfect guide for anyone looking for an easy introduction to the world of casino gaming *Casino Gambling For Dummies* is also an essential resource for those seeking to improve their odds at blackjack craps video poker slots and other games **The Winning Zone** Tilak Fernando, Thomas Umholtz Jr , 2020-02-07 In this story of adventure two old friends meet on a flight to Las Vegas and reconnect They talk about the excitement they might have while there After the flight the two are separated and both go on a common unintended path with the same mysterious man Patterns and mysteries of life are revealed to both on a surprising journey that gives a whole new meaning to what happens in Vegas **Winning Gambling Strategies** Philip Nehrt, 2012-02-08 Dedicated research on other systems and personal experimentation has turned a handful of notes into a comprehensive collection of potentially winning strategies First and foremost it is important to understanding that there is no winning system that can beat the mathematical odds that the casino has against a player However this book teaches you strategies to follow while in the casino giving you a large amount of information to help you walk out a winner These tips can benefit players of all experience levels You will learn to think how the casino thinks and avoid the traps they set for every player Inside you will find the general rules for each of the main games tips on how to approach a table what to say to the dealers how to handle your money and especially a broad range of specific strategies or systems for each of the games covered This book makes the game and strategy information easy to understand and follow as well as fun and enjoyable to read with a bit of irreverant humor sprinkled throughout

Gambling for Winners Ward Wilson, This book is for you only if you gamble to make money If your idea of fun and entertainment includes giving away your hard earned money to casinos I can t help you If you enjoy sitting in a mindless bright lights dinging trance while you drop quarters down a slot this book is not for you If you think casinos are built and run by stupid people you better stay out of them If you think you can beat a blackjack dealer by wild assed guessing think again If you play poker just because it s now so popular you don t need my book If you believe you can just happen to be lucky enough to beat the odds you live in a fantasy world and you d hate this book for destroying your illusions But if you re hard headed serious willing to work and tired of the mainstream gambling books that simply teach you how to lose less rather than win If you understand casinos don t stay in business by giving out more money than they take in This is an extensive examination of the most popular forms of gambling If you can find any positive expectation bets and how Some of the material is controversial Some of it is unique It s not for beginners If you don t already know how to play blackjack or craps buy and read the basic books first This one assumes you know and understand the rules of play If you have emotional or psychological issues around money my strong advice is don t gamble If you want to believe casinos are playgrounds built for your amusement this is not the book for you I use statistical concepts and common sense to strip away the bright lights and glamor to reveal the mathematical realities of gambling For the most part it s not pretty Not if you want to make money instead of lose it But there are opportunities there for people willing to work hard and understand the obstacles so they can surmount them If you re still an emotional child needing the adrenaline rush and excitement of winning money this is not for you And not only the casinos want to take your money hordes of online scammers selling bogus systems online also are after the money belonging to would be pro gamblers Until you can enter a casino and remain blind to the red carpeting the flashing lights dinging slots and the entire aura of glamorous partying you ll remain a loser If you have enough money to pay for a mirage that s up to you Most people don t
