The Heart of a Youth Worker

"The teenage years and early twenties are critical—how young people spend that time shapes the rest of their lives. If we don't step in, guide them, and offer support, they'll figure it out the hard way. And sometimes, the hard way leaves scars that last a lifetime."

(Compiled from Moses Baffour Awuah's Principles of Effective Youth Work)

Back To The Heart Of Youth Work:

Back to the Heart of Youth Work Dewey M. Bertolini, 1994 Back to the Heart of Youth Work is a passionate appeal to youth workers both volunteer and professional who from time to time may feel battered bruised and bleeding Written from one homesick soldier to another this book is offered in the hope of rekindling a flickering flame into a blazing inferno within the heart of every youth worker who reads it Based on the truth that effective ministry can result only from the overflow of an intimate walk with Jesus Christ this book shows you how to develop proven character a biblical philosophy of ministry and a practical methodology Back cover

The Changing Landscape of Youth Work Kristen M. Pozzoboni, Ben Kirshner, 2016-07-01 The purpose of this book is to compile and publicize the best current thinking about training and professional development for youth workers School age youth spend far more of their time outside of school than inside of school The United States boasts a rich and vibrant ecosystem of Out of School Time programs and funders ranging from grassroots neighborhood centers to national Boys and Girls Clubs The research community too has produced some scientific consensus about defining features of high quality youth development settings and the importance of after school and informal programs for youth But we know far less about the people who provide support guidance and mentoring to youth in these settings What do youth workers do What kinds of training certification and job security do they have Unlike K 12 classroom teaching a profession with longstanding if contested legitimacy and recognition youth work does not call forth familiar imagery or cultural narratives Ask someone what a youth worker does and they are just as likely to think you are talking about a young person working at her first job as they are to think you mean a young adult who works with youth This absence of shared archetypes or mental models is matched by a shortage of policies or professional associations that clearly define youth work and assume responsibility for training and preparation This is a problem because the functions performed by youth workers outside of school are critical for positive youth development especially in our current context governed by widening income inequality The US has seen a decline in social mobility and an increase in income inequality and racial segregation This places a greater premium on the role of OST

programs in supporting access and equity to learning opportunities for children particularly for those growing up in neighborhoods of concentrated poverty Fortunately in the past decade there has been an emergence of research and policy arguments about the importance of naming defining and attending to the profession of youth work A report released in 2013 by the DC Children and Youth Investment Corporation suggests employment opportunities for youth workers are growing faster than the national average and as the workforce increases so will efforts to professionalize it through specialized training and credentials Our purpose in this volume is to build on that momentum by bringing together the best scholarship and policy ideas coming from in and outside of higher education about conceptions of youth work and optimal types of preparation and professional development

YOUTHwork Don Pearson, Paul Santhouse, 2009-06-24 Are the young people in your church coming to faith in Christ Are they following Him as disciples The elders and leaders of every church should be able to answer yes to both questions It s a crucial aspect of their role as shepherds So how can a group of men confidently affirm that their young people are growing mature in Christ This is the purpose of YOUTHwork Featuring hard won insights and proven strategies drawn from twenty five years of working with thousands of students this practical guide will equip parents volunteers and full time youth workers to shepherd young people toward maturity in Christ It provides church leaders with a framework for understanding the how s and why s of youth ministry and features dozens of hands on ideas for ministry

Thinking seriously about youth work Hanjo Schild, Nuala Connolly, Francine Labadie, Jan Vanhee, Howard Williamson, 2017-11-13 If we consider the 50 states having ratified the European Cultural Convention of the Council of Europe or the member states of the European Union the multiple and divergent nature of the realities theories concepts and strategies underlying the expression youth work becomes evident Across Europe youth work takes place in circumstances presenting enormous differences with regard to opportunities support structures recognition and realities and how it performs reflects the social cultural political and economic context and the value systems in which it is undertaken By analysing theories and concepts of youth work and by providing insight from various perspectives and geographical and professional backgrounds the authors hope to further contribute to finding common ground for and thus assure the quality of youth work in general Presenting its purified and essential concept is not the objective here The focus rather is on describing how to provide opportunities for all young people to shape their own futures as Peter Lauritzen described the fundamental mission of youth work The best way to do this remains an open question This Youth Knowledge book tries to find some answers and strives to communicate the strengths capacities and impact of youth work to those within the youth sector and those beyond to those familiar with its concepts and those new to this field all the while sharing practices and insights and encouraging further reflection
