Research Anthology on Developing Critical Thinking Skills in Students Management Association, Information Resources,2020-10-02 Learning

strategies for critical thinking are a vital part of today's curriculum as students have few additional opportunities to learn these skills outside of school environments. Therefore, it is essential that educators be given practical strategies for improving their critical thinking skills as well as methods to effectively provide critical thinking skills to their students. The Research Anthology on Developing Critical Thinking Skills in Students is a vital reference source that helps to shift and advance the debate on how critical thinking should be taught and offers insights into the significance of critical thinking and its effective integration as a cornerstone of the educational system. Highlighting a range of topics such as discourse analysis, skill assessment and measurement, and critical analysis techniques, this multi-volume book is ideally designed for teachers, instructors, instructional designers, curriculum developers, education professionals, administrators, policymakers, researchers, and academicians.

Health Visiting Anne Robotham, Marion Frost, 2005-08-29 This book is an essential resource for health visiting students that reflects the key changes required of health visiting practice at the beginning of the new millennium. It is a key text for specialist practitioner programmes and also for existing practitioners who are furthering their practice and academic development. It brings together the elements of theory and practice which are essential to health visiting practice. The book is research based and uses relevant evidence to support discussions. A particular strength is the use of case studies and practice examples to illustrate the theoretical discussions. Comprehensive coverage of all areas of health visiting practice will give the new practitioner confidence. Case studies help to relate the theory to practice. The up-to-date evidence base includes the latest research. The wide range of contributors ensures that the content is written by experts in their field. Coverage of aggression and violence, the needs of ethnic minorities, and complementary therapies reflects the growing role of the HV in relation to contemporary issues. Fully updated throughout to reflect changes in practice, including reorganisation of the health care service, changes in social policy, child protection, and nurse prescribing. New chapters on Working with individuals and families, Working with social groups and communities, Working with socially excluded groups, Quality improvement through leading and managing change, and Nurse prescribing. Content reorganised to reflect changes in emphasis of various issues in practice. Addition of useful websites for further information.
